FOREWORD

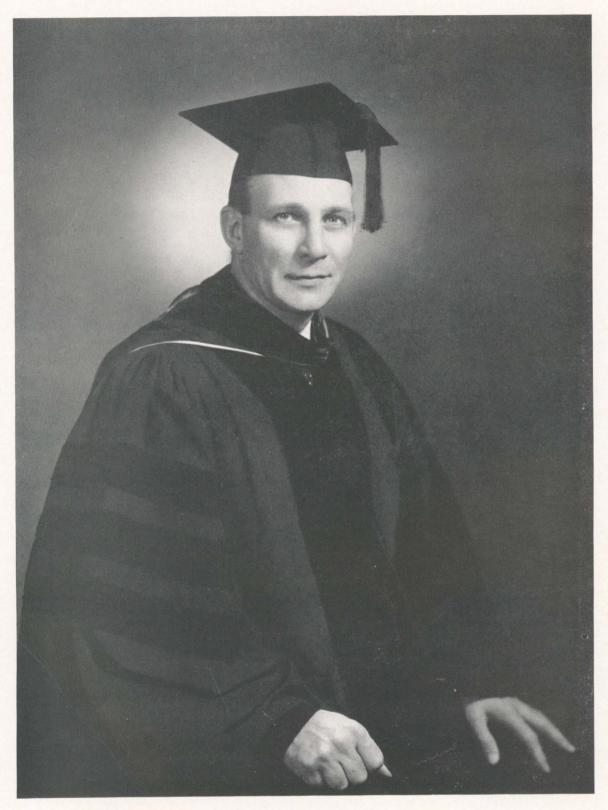

LIFE is progress. Each minute nudges the preceding minute into the vastness of the past; day replaces day. One more year has gone—one of our college years—a part of our life. But what we have lost in time we have gained in those things that cannot be lost—knowledge, experience, friendship, memories. We approach the newness of tomorrow with confidence, having been prepared by the problems of yesterday. We have lived this year, and we have progressed.

This yearbook is your pictorial record of the activities of the past year at Wilkes College. Each photograph you will see is a moment snatched from time, holding out the highlight of an event that occurred on the campus during the year. From the immense amount of material available, only that which means something to you has been chosen. Every aspect of college life, the serious and the gay, the trifling and the weighty, has been important during the year, and each is represented here.

The Amnicola staff is proud to have had the opportunity to publish your yearbook. The job of keeping abreast of a rapidly-expanding institution with an increasing number of activities has been challenging. Because Wilkes College has been progressive, the Staff has aimed at the publication of a completely new and better yearbook. The pictures here are part of your life; may they help you to remember good times, old friends, and your Alma Mater.

PRESIDENT...

EUGENE SHEDDEN FARLEY

Each person be of which he is a the diploma of goodly heritage."

To the CLASS of 1950 . . .

ALTHOUGH the class of 1950 will be the third to graduate from Wilkes College, it will be the first to receive the Wilkes College diploma. For two years after the College was chartered, Bucknell University granted its credits and its diplomas so that graduates of Wilkes might enter graduate and professional schools without difficulty. As Wilkes is now accredited independently, its graduates can enter advanced institutions without support from Bucknell. This accreditment assures the independence of the College but in no way does it break the sentimental ties that arise from gratitude for support extended during the formative years of the College.

At no time has the future of the College seemed brighter or more assured. This year we anticipated a decline in enrollment, but instead, we attained the highest enrollment in the history of the College. Even while doing this, the College admitted only a small portion of those who applied for admission. Numbers increased, even though the College adhered to its policy of selecting for quality rather than seeking numbers.

Friends of the College have established its foundations and have, as indicated in Mr. McClintock's message, received great satisfaction from the work that they have done. Their generosity and vision have made possible the creation of the College, and it is because of their generosity and vision that many young people have had their horizons extended and their capabilities increased. It seems fitting in wishing you every success for the future that I should take this opportunity to express the gratitude which all of us owe to the Trustees and friends who have created Wilkes College. As they have increased your opportunities, may you in turn increase the opportunities of those who follow you. It is only by extending greater opportunities to the next generation that we can show our gratitude to those who have helped us.

Each person by his life adds or detracts from the generation of which he is a part. May it be said of this first class to receive the diploma of Wilkes College that they have passed on "a goodly heritage."

EUGENE S. FARLEY

Chairman of the Board of Trustees

GILBERT S. McCLINTOCK

STUDENTS and alumni of Wilkes College know the story of its growth, but most of them are unaware of the satisfaction derived by those of us who have been able to participate in its growth. Members of the Board of Trustees share the feeling that they have helped in creating an institution that will render service for many generations. They recognize that a college, once it is firmly established, is as permanent as most creations of men.

To participate in the growth of the College and to observe the opportunities opened to students because of the training offered, has been stimulating. However, the demands of a growing college are pressing and ever present. It seems at times that the completion of one step, instead of offering a respite, immediately demands another effort. We have come to recognize that growth leads to growth, and are fully aware of the unending process that has been started. This condition is as it should be, however, because it is only through such vitality that growth takes place.

In its formative years, the College has turned to members of the community for guidance and support. It is the hope of those of us who have helped to establish the College that gradually the alumni will assume some of this responsibility so that the unending development we have visualized may be assured.

GILBERT S. McCLINTOCK

CHASE HALL

Oh dream of joy! Is this indeed A Wilkes building I see? Great men planted the seed Of education on this site. From here, forever will shine The beacon of learning and light.

prime factor in considering of a college. Wilkes' spirit one. It is the youth and administration that inspir and promotes exuberance students. This combinate administration which has we tained the admiration of the attudent body willing an operate, create a spirit of function of the student and growth.

Donald R. K Comptro

Registrar

The administration of Wilkes College is carried on by men and women whose unselfish and untiring efforts have been a great help to each student. Working together, they have laid the groundwork for the spirit of the College.

Spirit is an intangible, yet it is a prime factor in considering the vitality of a college. Wilkes' spirit is a youthful one. It is the youth and energy of the administration that inspires confidence and promotes exuberance among the students. This combination, a young administration which has won and maintained the admiration of the school, and a student body willing and eager to cooperate, create a spirit of forward movement and growth.

The Philosophy department endeavors to aid its students in serious and reflective thought, teaching them to gain an intelligent understanding of the world and life. Philosophy instructs the students in individual and social ethics; it discloses the teachings of Plato, Aristotle, Locke, and Kant in the history of ancient, medieval, and modern philosophy.

Under the guidance of Rabbi Friedman, Reverend Schindler, and Dr. Vujica, students are taught the nature and origin of religion. The study of the literature of the Old Testament and the New Testament gives us a background for our own day and shows us the significance in contemporary life.

The Economics department offers varied courses in the essentials of modern business and the principles which govern economic society.

OFFICE and MAINTENANCE

"Hi! May I help you?" These are the cheery words that greet you upon entering the office in search of someone or some thing. A smile, helpfulness and efficiency are attributes of each member of the Wilkes Office force. These girls make all office quests seem pleasant; a dozen young women, doing a job—and doing it well.

Plaid shirts and jackets, blue-jeans, and a cap are symbols of the maintenance crew, the men responsible for keeping our campus in perfect appearance and working order. These fellows, headed by Mr. Jervis, do an important job and are an integral part of the campus.

ROBERT W. WATERS President

WILLIAM A. PLUMMER Vice-President

Life is so devised that every so often one must stop to look back and take stock. What has gone before will usually set the stage for what is to come. That time has come for us-the class of 1950. We have looked back to the four preceding years and we find them full. The stage is set; the future does not frighten us.

We started out together in the school year of 1946-47, and spent most of it getting organized and acquainted. We did a lot of laughing and playing that year. The year before, we had made history by soundly thrashing an oppressive enemy and we felt that we never again wanted to be serious. We made friends easily; we talked loud and long, and we found

college life a happy interlude. 1950 was too far off to worry about.

By the time we had become sophomores, we were organized and acquainted. Our views changed; we were not boisterous. Our work took on increased seriousness, school affairs became more interesting. We saw more football games, went to more dances, took an interest in the Student Council, and began to speak more proudly of our school. We attacked our studies more vigorously.

Our Junior year found us thoughtful men and women specializing in our major work. The glorious victory we boasted about in 1945 became not so glorious, and for a time we felt something had been lost

JEAN

rather than gained puzzled.

We worked har realized how much derella Ball, April S sport dances becan a necessary part of and answered more and we stopped dre

JEAN RYAN Secretary

JEAN B. DITORO Treasurer

rather than gained. We looked forward somewhat puzzled.

We worked harder at school affairs because we realized how much hard work lay ahead. The Cinderella Ball, April Showers Ball, Cabaret Parties, and sport dances became moments of relaxation-almost a necessary part of school. We thought more deeply and answered more truthfully. We began to face facts and we stopped dreaming.

When we entered our final year, we had developed. We no longer puzzled or feared. We plowed ahead to the end that was so near. Now we have reached that end only to start anew.

However, we start anew with a different attitude.

There are some who will say that our final year has been as usual-dances, balls, formal affairs, and graduation. But we do not think it was ordinary.

This—our class of 1950—has not been an ordinary class. We are different not because we wanted to be, but because circumstances beyond our control dictated that we must.

We have seen it all-depression and war-and we have felt that these were unnecessary. Even those of us who are not veterans have been touched by the scars the veterans bear. And those of us who are not veterans are, too, equally inspired with the thought that these things need not happen again.

To that we are dedicated!

JUNIORS

VESTER V. VERCOE, JR.
President

WADE W. HAYHURST Vice-President

The Trans-Euphoria Airline did a thriving business that night as the Irem Temple Ballroom grew alive with people. Distraught students gradually became less interested in the facts and figures which had danced that afternoon in the areas behind their eyes, and became more interested in the fact that figures more absorbing were dancing in the area before their eyes.

They noticed the puffy clouds and the huge grey stratocruisers which decorated the hall. They listened to the band, it was Melton, and since it is possible to keep feet still for only so long, they danced! They sipped cokes and munched on chips. They unloosed their woes and sympathized with their neighbors.

They had fun! Perhaps they were not aware, but they had boarded the T.E.A. flagship and were making the flight from Examdespair to Euphoria.

So it was, on that night of January 27, 1950, the last day of finals, that the Class of '51 brought peace to fevered brows.

The delightful fluster of newly-acquired social prominence was still warm on the cheeks of its members, however, when the Class found itself confronted by the problem of deficit financing. Yes, though successful in all other aspects, the dance had left the Class wallowing in a monetary morass.

Pointed discussion of the situation ended in the decision that the Class would raffle its way out of the

red, or at least it would try. Shortly thereafter, chance books proclaiming a bargain raffle were found all over the school. It was said, when the raffle returns were announced, that treasurer Bob Starr gleefully tossed his bottle of red ink into the Susquehanna. It is known somewhat more definitely that all

Juniors sighed deeply in satisfaction.

And this satisfaction shortly took the form of renewed confidence. Feeling the security of having firm financial footing again, the Class stepped forward to grapple with a real challenge, the initiation of a new precedent in Wilkes tradition, the Junior-Senior Prom.

The Class members, pretty well organized by that time, hopped to their respective jobs with alacrity.

In a flurry of excitement, the matters of time, place, date, and mode of dress were speedily dispatched. Contracts for band and hall quickly acquired their necessary signatures. Suggestions for decorations were offered, discussed, modified, and agreed upon. Snooping of these several activities was the committee on publicity, looking for news-worthy angles which might help to advertise this crowning achievement of the Junior Class.

Now, having firmly rooted the Junior-Senior Prom in Wilkes tradition, the Class of '51 again sighs in the pleasant satisfaction of a job well done. Yet, with anxious eyes on the horizon, it thoughtfully considers the still greater strides which it anticipates taking in the soon approaching year—its year!

CAMPUS LANDMARK

SOPHOMORES

HOWARD E. ENNIS President

JOHN C. KIRCHMAN Vice-President

The Sophomore Class began the year's activities with the election of class officers. Howard "Skinny" Ennis, the Class Harlequin, was elected to the role of president in order that he might steer the Sophomore Class through its second eventful year at Wilkes. Norman "Zip" Cromack, one of the outstanding men on our Wrestling Team, was elected treasurer. The paper work was given to Barbara Hartley, as secretary, and John Kirchman took the job of vice-president. This group of officers and the Sophomore Class made the '49-'50 season a good one.

The outstanding social event of the year was the Hay Ride which the class held on a blustery night in November. They traveled to the Huntsville Recreation Center in a truck laden with happy people, all huddling together to keep warm. An evening of dancing, eating, and fun followed.

In March, Charles Gloman was elected to fill the vacancy in the Student Council left by Shadrach Jones, who had been president of the Council. Mr. Jones left Wilkes at the end of the first semester. The other sophomore representative to the Student Council was Elaine Turner, the 1949 Cinderella of Wilkes.

Barbara L. Hartley Secretary

NORMAN E. CROMACK Treasurer

Throughout the year the class took part in all the school activities and did much to promote school spirit at Wilkes. The members of the class have carried the Sophomores through all the clubs and events at College. Cheerleaders, band members, lettermen, and actors have been turned out by the Sophomore Class.

From cheering the Football Team to struggling with World Lit the Sophomores have shown themselves to be true sons and daughters of Wilkes. Each year their love for Wilkes deepens and by the time the Sophomore Class becomes the Senior Class of

1952, they will have laid deep the roots of attachment.

1952

The Sophs were big brothers to the Freshmen during the past year, helping them to get a good start at Wilkes. Though the Freshmen may not have appreciated all of their suggestions, the Sophomores had fun in offering them.

Now, the year is ended. The Sophomores are looking forward to being and making the Junior Class of next year a big success. A wonderful year at Wilkes College has come to a close.

FRESHMEN

LEO LESNICK President

MERRITT J. WAGNER Vice-President

As usual, the Freshmen Class of 1950 started their careers at Wilkes College with the customary week of orientation. Most of them submitted rather weakly to the hazing program. Fortunately, the upper classmen did not insist on prolonging this traditional "Initiation" program.

They did, however, have the distinction of being marked as the "Mid-century Class". As a whole they were inclined to be overly serious—a characteristic which could be cited to the universal uncertainty prevalent at the time. It is commendable to note that despite this fear of the future, these young people were

determined to exert a maximum effort to simultaneously improve their lot and to help solve the problems that beset all of us nationally and internationally.

Mr. John Hall introduced them to a "program of adulthood" which undoubtedly proved beneficial. An opportunity was offered in which the Freshmen could discuss problems realistically and work out satisfactory solutions.

The vast majority of the new students had ample class spirit, but it is justifiable to remark that perhaps they didn't give sufficient indication of this spirit at times. There were certain factors to account for this

lack of "esprit de corps", but it is not necessary to enumerate them.

The Freshman Class did make certain contributions to the school. They enthusiastically supported the Blood Drive sponsored by the American Red Cross; they also helped in the drive for the Community Chest. In doing these things, they added to the reputation of their Alma Mater.

tation of their Alma Mater.

Freshmen affairs on campus were concluded with a successful affair which was enjoyed by all. Some regrets were voiced in regard to the affair; most students wished that there had been more of them.

After the affair, the Freshmen determined to make better use of this social medium in the future.

The class elected the following students as their officers: Leo Lesnick, President; Merritt J. Wagner, Vice-President; Lucille M. Reese, Secretary; Geraldine A. Fell, Treasurer.

There were many pretty "Belles" in the Freshman Class. In fact, so many were attractive that nine out of the twenty-five candidates in the Amnicola Beauty Contest were Freshmen. It's surprising that the class was depressed, even though seldom, in the midst of such pulchritude.

ACTIVITIES

The BEAUTY CONTEST

BILLY ROSE

The task of judging any quality so relative as beauty must be a difficult one by the nature of the subject.

Because he has been acknowledged as one of the greatest connoisseurs of feminine pulchritude and charm, Bill Rose was asked by the Amnicola staff to choose five queens from twenty-five contestants.

Mr. Rose wrote with his choice, "I found the entire group a very attractive one and it took me a little longer than usual to choose the ones I liked best. My compliments to the Queen—."

We now present the beauties of the 1950 Amnicola.

AMNICOLA

At the beginning of this, the fifth year of publication, the annual task of recruiting new staff members occupied the time and consideration of the faculty adviser, Dr. Kruger. The administration, in recognition of the time and work required of responsible staff members, instituted a new policy of offering scholarships to students who could meet specified qualifications for the four top editorial posts. After the preliminary selection of editors was completed, the work of the *Amnicola* staff began in earnest.

Early in the first semester the editors realized that they would be hard-pressed trying to keep up to the accelerated expansion policy of the college.

Each new building added to the campus meant a re-shuffling of the "Dummy" copy; each new activity and social function called for more copy and pictures that had to be included somewhere; each new problem required immediate solution.

Editorial conferences among the editors and managers of the Yearbook kept the *Amnicola* staff a closely coordinated group. After eight months of back-breaking activity, with Editor Gilbert running from the engravers to the printers and back again, the book finally went to press.

Proofs were read and reread, and by the middle of May the final work and worry had ceased.

The 1950 Amnicola, published by and for the students of Wilkes College, came out in the middle of June at which time the members of the staff could be seen giving them out to the students. After the last book was gone, the staff breathed a deep sigh of relief, packed their bags, and left school—headed for a badly needed vacation.

MANUSCRIPT

Two issues of the *Manuscript* published during the past year gave recognition to the best of the literary contribution of the students at Wilkes College. The task of the all-student staff was to read each manuscript submitted for approval before finally deciding which were worthy of receiving the distinction of being published.

In an effort to improve the appearance of the *Manuscript* and to conserve space necessary for the inclusion of more contributions, the staff decided to discard the traditional format in favor of a completely redesigned magazine. The result was a spring issue combining eye-appeal, dignity, and economy. The space saved by the new format allowed the addition of a new section entirely devoted to book reviews.

The acceptance of four new members to replace those who had graduated brought the staff up to its full complement. Richard Rutkowski, elected editor-in-chief, coordinated the work of the group, and Dr. Mary E. Craig, faculty adviser to the staff, offered her experienced guidance. In order to more fully acquaint the students of the college with the purpose and the progress of the *Manuscript*, a program of public retations on campus was devised with Robert Metzger in charge.

The literary excellence of the two issues stand as evidence of the creative ability of Wilkes students and the editing ability of the staff.

STUDENT COUNCIL

By the time the wails of the initiated Freshmen had died down to mere moans and groans, the '49-'50 Student Council had become an active group. Upperclassmen elections the previous Spring had created a nucleus about which the new Freshmen members and replacements joined forces. Thus was formed the Student Council as a complete working unit.

Several sport dances were sponsored by the Council at the St. Stephen's church house. The dances were free, and refreshments were served at most of them. Dances were curtailed somewhat later when the student activities fund began to shrink, apparently not sanforized.

The big event of the first semester was the Winter Carnival held at Split Rock

It was at the start of the second semester that the revolutionary idea of having sport dances in the cafeteria was proposed at a council meeting. The dances were held almost every Friday night; they were successes from start to finish.

As Spring rounded the corner, two big items appeared on the council agenda. One item was the Cinderella Ball; the other was the elections for student council members for the '50-'51 school year.

Claude Thornhill was Cinderella's beau for this year of 1950.

Virginia Meissner, secretary; Daniel Sherman, treasurer; Joe Chimola, vice-president; Vester Vercoe, president.

LITERARY SOCIETY

In December, a group of students met under the suggestion of Dr. Kruger to organize a society for the informal discussion of literature and creative writing. The group adopted the name The Wilkes Literary Society and submitted a constitution which was approved by the Student Council.

The purpose of the organization, as stated in the constitution, is to provide an intellectual climate in which all students interested in creative writing, both of prose and poetry, may flourish. The members decided early in the life of the society that informality was to be the tone of all meetings, and their decision resulted in a series of absorbing discussions. The members of the society read their original compositions which were discussed and criticized by the group. The helpful criticism offered at the meetings helped many of the members out of their writing difficulties.

The Wilkes Literary Society is an innovation at Wilkes. The original idea was offered by Dr. Kruger, who had been approached

by students wishing to informally continue with creative writing after completing required college courses. After several months of productive meetings, the Literary Society has become an established institution at Wilkes College.

Theta Delta Rho proved to be one of the most active organizations on the campus this year. The activities began with an Orientation program for the Freshmen which included a "coke" party, a forum, and a tea at which time all Freshmen were invited to join the sorority.

The next social event was a Wiener Roast at Hanson's, Harvey's Lake in October. This was followed by a Gypsy Caravan Dance. Proceeds from this dance went into a fund for the support of a War Orphan which the girls voted to adopt for one year.

which the girls voted to adopt for one year.

An all-college tea in November proved to be very successful. At the annual Christmas Buffet Supper, each "Little Sister" was presented a sorority mug by her "Big Sister." Theta Delta Rho shared their holiday spirit with the local hospitals by sending a box of toys to the children's wards. In January, a bake sale was held to obtain more money for the War Orphan Fund. This was a very profitable venture.

The second semester was opened with the annual Sweetheart Ball at the Irem Temple Country Club. A large crowd attended this semi-formal dance which was one of the piecet dances the organization ever had

was one of the nicest dances the organization ever had.

This year again the sorority played hostess to senior girls from local high schools at Teas on Washington's birthday and St. Patrick's Day. A fashion show highlighted the activities for April. Theta Delta Rho also sponsored a card party in the cafeteria during this month. All the proceeds from these two affairs went toward the War Orphan Fund.

Many of the girls' mothers attended the lovely Mother's Day Tea on May 5. Theta Delta Rho ended the year's activities with the annual Junior-Senior Dinner.

All the affairs had been successful during the year, and Theta Delta Rho closed another chapter in its book, feeling justifiably pleased at the many accomplishments.

Since the inception of the Wilkes College Lettermen's Club in November, 1946, its members have advanced a long way toward their goals of better understanding and closer teamwork. These ideals rewarded the men with stability of heart and mind, and as the ideals have grown stronger, so, the Lettermen, too, have grown—spiritually, mentally, and physically.

These men have taken upon themselves the task of becoming leaders, and builders, and men with future vision. To them, the letter of membership has been more than a token of acceptance into an organization; it has been a symbol for a fuller and broader comprehension of their fellow men. If a letter is won for athletic ability, it is also won for something finer-understanding and fair play.

There was time also for fun and frolic; within this group there lay a shrewd talent for good entertainment, and they proved their capabilities. The Christmas Formal, held at the Irem Temple Country Club, was a heart warming success. Grumblings and rumblings were heard because it was a formal affair, but the boys looked fine in their tuxedos. The April Showers Ball at Sans Souci added to the long list of social achievements which did not go unappreciated by their fellow students.

Honors were bestowed upon the Lettermen's Club! Two of its oldest members attained national fame. John Florkewicz and Gerard Washko, stars among stars, signed contracts with the Pittsburgh Steelers,

It was a good year for the Lettermen and they felt that something had been accomplished. Though they faltered at times, and at others, forgot; they realized that these were human frailties. When they faltered, they had the benefit of good leaders, for they had chosen well.

With the words of one of the Lettermen we shall close for 1950:

"We know that when we leave college, our membership will have better equipped us to accept the challenge of the future. We have learned much in our little group; we must now apply it to our nation."

George F. Ralston Adviser

The members of the International Relations Club believe it is the right and even the duty of each individual to make up his

own mind on questions concerning the common good.

They narrow down this all-encompassing interest by focusing attention through the topic picked for discussion at each of the monthly forums. Through these forums, and discussion periods, and correspondence with foreign youth groups, the students in I.R.C. feel better qualified for making the value judgments that must be made.

They realize that there is not time, today, for fence sitting.

ON THE AIR

In February 1949, through the efforts of the Public In February 1949, through the efforts of the Public Relations Office and Radio Station WHWL, Wilkes College was afforded the opportunity to better acquaint the citizens of Wyoming Valley with their community College by bringing the activities of the college to the attention of the people through a 15 minute radio program. Under the direction of the Public Relations Department "Wilkes College on the Air" soon developed into an even learn way for the sellers to result the sellers.

an excellent way for the college to create new interest in its student, faculty, and alumni activities.

After the first semester, when the program was heard on Tuesdays and Thursdays, the increased interest in the program prompted the program directors at WHWL to move the broadcast to a three-day a week schedule at the start of the fall semester.

The programs were largely concerned with student organizations which brought to their listeners news of developments in the educational field, social activities, and musical programs. Included among the features presented by "Wilkes College on the Air" were weekly programs by the Wilkes Beacon, science programs, and programs concerned with national collegiate news. One of the most popular shows was the broadcast by the Wilkes College Mud Gutters Society.

Along with the wide interest the programs helped to create in Wilkes College, it afforded Wilkes students, who are interested in radio work, an opportunity to receive practical experience in script writing, producing, directing, announcing, and the technical duties involved in broadcasting.

SOCIOLOGY

The Sociology Club of Wilkes College began its activities for the year with informal Sunday afternoon meetings. At these meetings panel discussions were held in which members of the club discussed problems of modern society and other matters of interest to sociology students.

Much enthusiasm was shown in these discussions. Following the meetings, social hours were held during which tea and cookies were served.

Mr. Symonolewicz, Marita Sheridan

Committees which were established during the year planned the various social activities and handled arrangements for all meetings.

The members chose the following people to guide them for the year: Larry Pelesh, president; Marita Sheridan, secretary; Mike Connors, treasurer; and Marianna Tomassetti, program chairman.

DEBATE

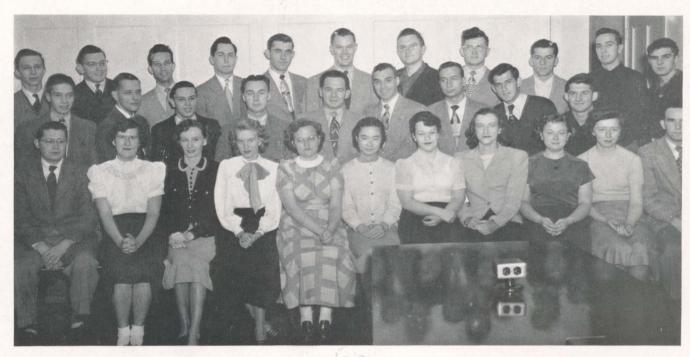

In only the second year of activity, the Debating Society was undoubtedly the most active organization on the campus, taking part in an amazing total of forty intercollegiate debates, including four major invitational tournaments, and presenting forums to approximately a dozen local civic organizations. The Society was accepted as a member of the Debating Association of Pennsylvania Colleges and received recognition as being one of the outstanding debating groups in the East.

Wilkes debating teams met and defeated such stalwarts in the intercollegiate debating field as Princeton, Penn., Temple, Swarthmore, Yale, N.Y.U., Brooklyn College, Lafayette, Wagner, Hofstra, American University, St. John's and American International.

A Lafayette string of thirty consecutive debating victories was broken by the Wilkes men in a dual meet. One highlight of the season was the winning of three out of four debates at the Barnard Tournament by the novice team of Ann Belle Perry and Julian Goldstein. Another highlight was the Brooklyn Tournament where a Wilkes team of Tom Morgan, Fred Davis, Don Kemmerer, and Charles Eisenstein placed in the upper 25% of forty-five teams by winning five out of eight debates.

The overall record for the year was well above the .500 mark. Winding up in a blaze of glory, the team of Morgan and Davis won six out of its last seven debates. Various other groups presented stimulating forums before such local organizations as the Kiwanis, Rotary, Presbyterian Church, B'nai Brith, Jr. Chamber of Commerce, and the Student Assemblies.

PRE-MED CLUB

(left to right) Wayne Redline, president; Betty Rebennack, secretary; Irene Wang, treasurer; James Smith, vice-president.

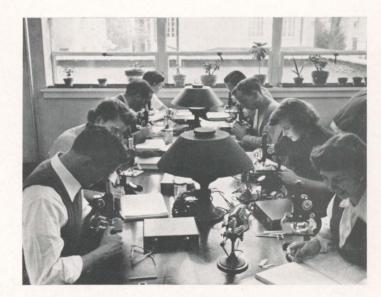

This year the city of Philadelphia was chosen as the destination for the annual club trip. Some of the well known hospitals and laboratories of this area were visited by the club members during their weekend in this city.

Guest speakers and motion pictures helped make the evening meetings of the Spring semester a great success. The Pre-Medical Club concluded its activities with the annual club picnic which is the highlight of the social year for a Pre-Medical Club member.

The Pre-Medical Club of Wilkes College aims at stimulating interest in the biological and medical sciences. Members of the club visited the Wilkes-Barre Clinic of Physical Medicine where a tour and lecture was given by the director, Dr. Nicholas Mauriello.

In December, the club held its annual Christmas Party in Chase Theatre; the members enjoyed motion pictures, refreshments, and carol singing.

In attempting to initiate a new policy of co-operation between campus clubs, the Pre-Med Club joined the I.R.C. and the Chemistry Club to sponsor the Med-IR-Chem Dance. This dance, held at the Hotel Redington, was an obvious success, and it is hoped that the dance will become an annual campus affair.

A congenial atmosphere

BOOK STORE

Beginning with each semester, the college book store is the center of campus activity. Long lines of students can be seen struggling from its basement location, each one sagging under the weight of a huge pile of newly purchased books and supplies.

Because of the organizational powers of Miss Gittens, the manager of the book store, hectic weeks of mass buying are kept well under control.

Not all the activity of the book store is caused by the issuance of new supplies, for it is also the center of distribution for tickets for many of the school's social affairs.

(seated) Miss Mildred Gittens, manager.

The book store is the gathering place tor many people during the course of the day. There are always people there to get newspapers and tickets, or to inquire about missing text books or lost articles.

Adding Atmosphere

In the fall of 1949 Mr. Al Groh, director of the theater, left the field of college dramatics for graduate work at Columbia University. Thus W. Thomas Littleton came into the life of the frustrated actors and actresses of Wilkes College's Cue 'n Curtain. With the help of twenty bulldozers Mr. Littleton plowed his way through piles of opposition and finally won the hearts of the theater Bohemians.

For his first production Mr. Littleton chose "Ghost Train," a mystery melodrama in three acts. The play was given in the G.A.R. auditorium in December. It was very well received the student body and guests.

Starting off the second semester with a boom, the Wilkes players presented two student-directed one-act plays. One was a small high-school production called "Clean and Press" directed by Janet Gearhart. The other was an experimental psychological drama called "Mind-Set" directed by Paul Shiffer.

The climax of the year came to the group of individuals when Mr. Littleton announced that "Golden Boy" would be the major production of the second semester. Our Barrymores began to bulge with enthusiasm for the cast consisted of seventeen men and two women. Competition reached a peak of radio-active furor. When the cast was chosen the lucky ones commenced to acclimate themselves with the boxing game, while the unlucky ones committed suicide or else turned to the technical department to lament their woes in radical ideas of staging, etc.

As we look back upon the season we find that, even with their frustrations and individualistic views, the actors and actresses of Wilkes have surged closer to their ultimate goal of perfection of artistry.

By popular densented for a secon larious satire on The play was g Theater. In addit other plays were logue, "The Tell Poe, given by W. was a one-act meldirected by Ross I

 $\begin{array}{c} \text{W. Thomas Littleton} \\ \textbf{\textit{Director}} \end{array}$

By popular demand, the Cue 'n Curtain presented for a second time "The Pot Boiler," a hilarious satire on hammy acting and directing. The play was given in December in Chase Theater. In addition to "The Pot Boiler," two other plays were presented. One was a monologue, "The Tell Tale Heart" by Edgar Allan Poe, given by W. Thomas Littleton. The other was a one-act melodrama entitled "Back Home," directed by Ross Leonardi.

The last production of the Cue 'n Curtain for the 1949-50 season was "Golden Boy." It was given in May and was the second major production of the year. The play, written by Clifford Odets, was first presented November 4, 1937, at the Belasco Theater in New York by the "Group Theater."

Unlike the other productions for the past year, "Golden Boy" was a rather weighty drama. The plot concerned itself with the conflict between idealism and realism, specifically it handles this problem of the conflict of youth.

The play was presented at the Irem Temple and was well received by the packed audience.

GHOST TRAIN

Paul Thomas, Bob Angelo, Patricia Boyd, Doris
Kanarr, Jim Tinsley, Janet Gearhart, Andy

The Wilkes College Choral Club is a student group of men and women under the direction of Mr. Donald E. Cobleigh, director of the Wilkes College School of Music. This chorus aims to train its members in diversified choral literature in preparation for occasional concert appearances and to fit them for active participation in similar organizations. The chorus of mixed voices meets for two rehearsals each week.

As its major project, the organization presented a Spring Concert of the oratorio *King David*, the biblical hero, by Arthur Honnegger. Although there is no preserved music in existence from David's time, Mr. Honnegger wrote this work in the style which he believes might have been used in the time of David.

BAND

The Wilkes College Band

Webster's Dictionary defines a band as "a company of performers on musical, especially wind and percussion, instruments." Here at Wilkes College, however, the word takes on a more picturesque meaning.

The band adds color to athletic competitions and creates a feeling of unity and cooperation between the spectators and players.

Twenty-five Wilkes musicians comprise the college's military band. Under the direction of Bob Moran the band was present at each grid contest to serenade us with everything from Sousa marches to Ghost Riders in the Sky. The musicians and their music added a great deal of spirit during pre-game and half-time ceremonies.

"Oh, it's all in your head."

Thomas—out for a touchdown

WILKES 20 — BLOOMSBURG 7

The Colonels inaugurated their football season by upsetting highly favored Bloomsburg State Teachers College 20 to 7. In so doing, the Colonels avenged the humiliating defeat the Huskies handed them last year. The Colonels, sparked by the passing of John Florkiewicz, caught the Huskies by surprise. The Colonel line and backfield were spirited with machine like precision all evening and the close observers could see that this year Ralston's men would be hard to beat. Two Freshmen broke into the Colonel lineup that night. They were Al Nicholas, and Frank Zapotoski. Al is a halfback and Frank is a guard. The fans came away from that game convinced that Ralston had found two more gems in the Anthracite fields.

GRADUATING COLONELS

 $(\mathit{first\ row})$ Francis Pinkowski, Paul Thomas, Robert Gorgas, George Lewis, Sam Elias, Jack Feeney, Henry Supinski. (second row) Bob Waters, John Florkiewicz, Jack De Remer, Chet Knapich, Walt Hendershot, Gerard Washco.

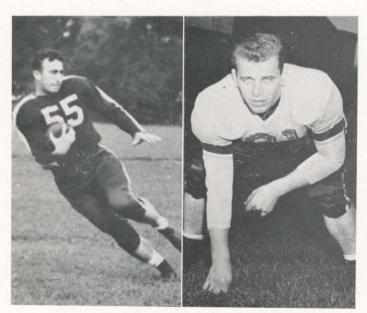

The Colonels, out to revenge the other defeat they suffered last year, traveled to Loretto, Pennsylvania and partially accomplished their mission by battling the Saints of St. Francis College to a 14-14 standoff. The Colonels' line, led by the old pro, Chet Knapich, stopped most of the scoring thrusts of the Saints. Knapich and Co-Captain "Pickels" Lewis were two of Ralston's answers to the quick opening plays of the T-formation used by St. Francis. Of course when a team has a line with men on it like Washco, Hendershot, Gorgas, Feeney, Bogusko, Molosh, and McMahon, it is hard to pick any one outstanding player. With one or two breaks, the Colonels might have brought back the proverbial bacon, as Wilkes led in yardage gained and first downs. and first downs.

WILKES 21 — UNIV. OF BRIDGEPORT 13

Bridgeport has the honor of being the first University to ever play the Colonels; they also have the dubious honor of being the first University to fall before the Colonel Powerhouse. This game got so rough that usually-mild Walt Hendershot got into a swinging mood. This was the first game of the year for "Little Leo" Castle. Castle celebrated his return by scoring a touchdown after a beautiful run. At times it seemed as though big end Jack Feeney, and Gerard Washco, one of the best tackles in the state, were playing in the Bridgeport backfield as they broke through the Bridgeport line continually to break up their plays.

WILKES 28 — ITHACA 6

The Colonels traveled "Far Above Cayuga's Waters" to trounce Ithaca College 28 to 6, and as far as Ithaca was concerned they were Ithaca College 28 to 6, and as far as Ithaca was concerned they were glad to see the Colonels return to the banks of the Susquehanna. The Colonel backfield, led by Francis Pinkowski, rolled up a huge yardage total in this impressive win. Florkiewicz, Nicholas, Castle, Cross, Paul Thomas, Supinski, Waters, and Co-Captain John De Remer showed the people of Ithaca some of the best backs they had seen all year including those on the all powerful Cornell Team. The Colonel line beginning with ends Feeney, Molosh, and McMahon and crossing over to Sam Elias, Jones, and Dalton is one of which many larger schools would be proud.

Who's got the ball?

WILKES: 63 — LYCOMING 6

For the first few minutes, it seemed as though this game would be close. Then, the high flying Colonel backs went into action and the game quickly turned into a rout. Nearly everyone including Jack Feeney got into the scoring act. Brilliant John Florkiewicz and Leo Castle romped almost at will as the Colonels ran up the largest score in the school's history. Al Nicholas turned in another 75 yard run to score after intercepting a Lycoming aerial. Again that Colonel line refused to give any ground to the enemy forces. The boys from Williamsport never quit trying, but they were unfortunate enough to catch the Colonels at their best, and, being at their best, the Colonels are a match for almost any team in the country.

RIDER 41 — WILKES 34

"Into each life some rain must fall," but it took a superb Rider team plus the clock running out to hand the Colonels their first defeat of the season. This was undoubtedly one of the best, if not the best, football games ever played in Wyoming Valley. Little Leo Castle played the best game of his career but Rider was out to avenge last year's defeat by Wilkes and they were not to be denied. This was the first time that the powerful Colonel line ever had an off night and unfortunately they had to pick the Rider game to have it. Be that as it may, despite losing, this game is one that those who witnessed it can never forget, and the Colonels certainly weren't disgraced in losing.

The National Farm School Aggies were unfortunate to catch the Colonels on the rebound after their first loss of the season. The Colonels went to work with a vengeance and rolled over the hopeless Aggie team almost at will. Big John Florkiewicz stayed in the running for the top scoring honors by scoring three touchdowns. The victory was a costly one to the Colonels as huge Gerard Washco, the best tackle ever to wear the Blue and Gold, broke his right hand, and consequently ended his college football career two games prematurely. Jack Feeney also continued in the running for high scoring honors in the state by scoring two more touchdowns. Jack, by the way, was the only end in the state close enough to the leaders with a chance to win the title.

WILKES 47 — KINGS 7

In a game that has come to be known as the battle of the best "mudders," the Colonels smothered their traditional rivals from Kings by a lopsided score of 47 to 7. The Colonels attack was led by John Florkiewicz, and Leo Castle who played the best game of his career as he romped to four touchdowns. This was the farewell game for some of the players who have helped to establish football standards for future Colonels.

Headed for a fall

At any time in the future when Wilkes students discuss the greatest players ever to wear the Blue and Gold, men like: John Florkiewicz, Gerard Washco, Francis Pinkowski, Jack Feeney, Chet Knapich, George Lewis, Sam Elias, Henry Supinski, Walt Hendershot, Jack De Remer, Paul Thomas, Robert Gorgas, and Bob Waters will have to be given serious consideration. Washco and Florkiewicz have since joined the ranks of the professionals. The victory over Kings was a fitting climax not only to the season, but also for those seniors who ended their college gridiron careers.

BASKETBALL

(first row) Bill Johns, Paul Huff, Charles Jackson, Ben Dragon, Eugene Snee, Bob Benson.
(second row) Dick Scripp, manager: Robert Morris, Francis Pinkowski, Robert Poole, Parker Petrilak, Ed Munley, John Bater, George May, George Ralston, Coach.

Two points

You can put the 1949-'50 basketball season down as an off-year for Coach Ralston's hoopsters. Along with the thoughts of trying to win ball games, the team had to keep an open-eye for any local shed big enough to practice in. Under such a burden, the Colonels managed to come in with a humble record of five wins and seventeen

But the season wasn't a complete failure, not by a long shot. Ralston saw the blossoming of several future stars, namely Bob Benson, John Mackin, and Parker Petrilak. These three boys will play a prominent role in the Wilkes basketball history for the next few years. But the main reason why George Ralston can look back on 1949-1950 without shuddering is because King's was finally stopped. After three years of letting the Colonels have the sloppy side of the score, the Monarchs were finally set down in wonderful fashion, 69-65.

Behind Paul Huff's remarkable set shooting and Ben

Behind Paul Huff's remarkable set shooting and Ben Dragon's tremendous defensive work, the Colonels came home with the bacon. True, Kings knocked them off the second time they met, but once was enough—it was a successful season.

Great things are in store for next year. Just the thought of a permanent gym, the new Wilkes College gym, is enough to make coach Ralston break out in a rash. To top it off, he'll have a veteran squad, built on the experienced Charlie Jackson, Bobby Benson, John Mackin, and Parker Petrilak. Only two of 1949-1950's team are graduating, the pint-sized Paul Huff, and the captain, Ben Dragon. The future is bright, but wait a minute, things weren't so very dark this year.

SOCCER

Under the able tutorage of Bob Partridge and his two assistants, Reggie Burrs and Bob Moran, the foundation for Soccer was laid deep at Wilkes College. Since a majority of the boys had never played before, Bob had to start with the fundamentals and work upward; the results were amazing.

Tangling with such high-flying soccer schools as Howard University and Lincoln University, where soccer is king and "little Junior" learned his soccer in kindergarten, the raw Colonels made a fine showing for themselves

Coach Partridge's hope for the future lies in the upand-coming freshmen and sophomores, since five departing seniors will leave a big gap in the team.

parting seniors will leave a big gap in the team.

Whether 1950's soccer team will be strong enough to bring home its share of the victory gravy to Wilkes remains to be seen. One thing is sure . . . like women, soccer is here to stay.

All in fun Captain Kovalchik

(first row) Leon Decker, Henry Skopek, Alan Levin, Bill Fink. (second row) Clayton Karambelas, coach; Jack Jones, Carl Strye, Dave Miniasian, Dick Cassar, Shadrach Jones, Bob Sutherland.

SWIMMING

Even though the swimming team can not boast of a single victory the success of any athletic organization can not be determined by the number of wins or losses. The team feels a certain degree of success in that they are able to claim a wealth of experience, personal accomplishment and a firm foundation for a winning team next year.

In the eight meets of the season, Wilkes averaged 23.2

points per meet to its opponent's average of 54. The most humiliating loss of the season was the meet with Wyoming Seminary who scored 58 points to Wilkes' 11. The best showing was against Lycoming College when the team showed marked improvement by scoring 35 points under Lycoming's 44.

The team was grateful to Coach Clayton Karambelas for all the time and consideration he gave to the team. If the 1951 team is great, we can thank the groundwork

Billy Lee and James Laggan

' Ted Krohn

Coming back to St. Stephens, Laggan and Lee's men squeezed out a 14 to 13 triumph over a rugged East Stroudsburg mob, thanks to Joe Stephens' fine work in rocking his man to sleep.

Then came Kings. The boys let loose. Reynolds, Dvorozniak, McMahon, and Stephens all gave their men a chance to count the lights in the ceiling. When the last Monarch hobbled out, they added up the score. We had them beat by three touchdowns, 28 to 8. West Chester was next on the list and the Colonels couldn't quite make it, dropping a heartbreaker, 13 to 16.

The last encounter was with the power-packed bruisers of Millersville. Last year these supermen came to Wilkes-Barre and didn't give the Colonels one bout. This year only Cromack was able to come through with a win and Reynolds with a draw. The final score was 26 to 5.

Take these figures and see for yourself what the Colonels were worth. They didn't drop one they should have won, and it took outfits like Millersville, Ithaca, and West Chester to knock them over. Then came Kings. The boys let loose. Reynolds, Dvor-

Chester to knock them over.

Don Blankenbush

BASEBALL

When the umpire yelled "play ball" to start the 1950 baseball season at Wilkes College, Coach Ralston found that he had on hand a team he had been trying to build for three years.

The upper classmen remember back in 1947 when the Wilkes mentor had to bend over backwards to place a man at every position. In 1948 the story was a little better because of the large group of freshmen that enrolled in the college. That year the genial mentor led his charges to a good eight and four record.

Al Nicholas

en the Wilkes mentor had position. In 1948 the story shmen that enrolled in the es to a good eight and four

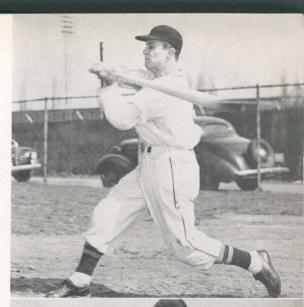

Joe Deschak

Alex Molosh

The 1949 team on paper appeared to be the best one ever to represent the school, but a tenth member of the squad named jinx decided to become a regular part of the team and when the season ended their record was under the .500 mark.

This year neither jinx nor lack of personnel was evident because it wasn't too long before the squad assumed more victories than any other Wilkes nine. The team had everything that is needed to produce a good record. There was speed, experience, hitting power, fielding know-how, good rookie talent, and a man who knew how to mold these attributes together.

Baseball teams will come and go at Wilkes College, but this one will always be remembered for starting a trend—a trend of advancement that parallels the institution of which it is a part.

INTRA-MURAL SPORTS

Set 'em up in the other alley

Pitcher vs. umpire

Eight ball in the side pocket

A well-planned program of intra-mural sports met with enthusiastic response from the students of Wilkes College during the past year. The great diversity of events scheduled attracted participation by large numbers of the student body.

The first warm days of spring revived enthusiasm for football and every day the co-eds could see the men treking across the Market Street Bridge over to Kirby Park on the way to a fast, lively game.

The bowling league ran through the entire year and much competition was offered for the bowling enthusiasts of the campus.

Much of the intra-mural sport program took place right in Butler Hall, the men's dormitory. Pool and ping-pong attracted most of the men students into the upper and lower regions of the dorm.

Competition reigned high and a pool or ping-pong championship was a highly valued possession.

WOMEN'S SPORTS

(kneeling) Janyt Burgess, May Way. (standing) Lois DeGraw, Toni Menegus, Nancy Yaufman, Nancy Ralston, Connie Smith, Arlene Pletcher.

The girls with unusual talent for swimming have grouped together and formed a water ballet group. This group meets every week in order to learn intricate tricks and poise in the water.

Under the heading of extra-curricular activities we find Athletics. The word Athletics encompasses a wealth of history and tradition. Tastes in sports vary according to the geographic location of a state or country.

in sports vary according to the geographic location of a state or country.

In England, soccer is the leading sport; Mexicans enjoy jai a-lai games; Canada is known for ice hockey, and the Japanese practice the art of judo. Here in the United States we delight in practically every form of athletics. We play no particular favorites. Our main theme is not who won or lost but how the game was played. There is no substitute for sportsmanship on the field of friendly strife.

At Wilkes College, the women enjoy many extra-curricular activities. In the winter when the weather doesn't permit fresh outdoor sports, the girls travel to the Y.W.C.A. At the "Y" the swimming pool is in greatest demand. Swimming classes are held once a week for every girl. The crawl, the backstroke, and diving are taught.

classes are held once a week for every girl. The crawl, the backstroke, and diving are taught.

Basketball and volley ball seem to be the main interest in the gym. The girls form teams to play fast and lively games in each sport. In addition to those gym activities, both square and modern dancing have been introduced.

Caught with their lens showing

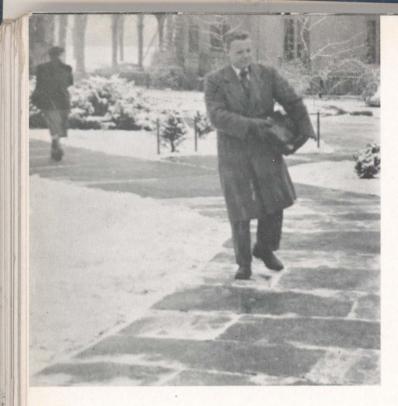

BUTLER HALL

WECKESSER HALL

Wilkes College looks exceedingly peaceful with sparkling white snow blanketing its impressive buildings. Icicles hanging from rooftops glisten like diamonds; and sunshine, pouring down on snow-covered walks, adds to the splendor of the "Wilkes Winter Wonderland."

Then, snow shovels are swiftly put in action and the snow is turned aside to allow free passage. Soon, sparkling white snow is transposed into dingy grey slush and the magical beauty is lost.

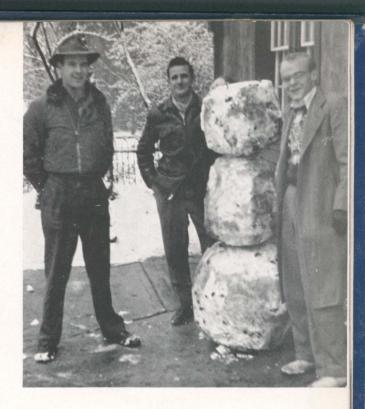

SLEET and SNOW

Awe is broken—splendor disappears and Winter loses its appeal. Though the students loved the winter days and all their charms, they soon tired of heavy clothing and snowball fights. Spring was wished for, and like all reasonable wishes, this was answered.

Finally Spring came; students became gay and frolicsome, and Sleet and Snow was lost for another year.

Dig those gams

Once again the cabaret parties so popular at Wilkes seemed to be the vogue as three were held for the benefit of the students throughout the year. The first cabaret party, sponsored by the Student Council, was held October 21, in the St. Stephen's church house. The affair starred such famous entertainers as Freddie Stewart, popular songster of recording and movie fame; Kem Wunder, night club blues singer; and Alan Kent, nationally famous emcee.

The second party was held January 6 in the Victory Ballroom of the Hotel Redington and was sponsored by a student triumvirate called the MedIRChem Club. Most of the talent came from among the student body but one act was furnished by a dance team from the local branch of the Fred Astaire dancing school.

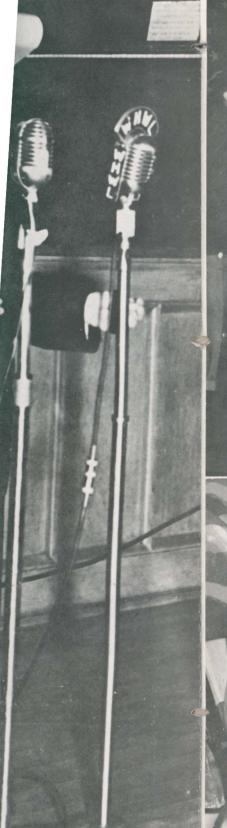

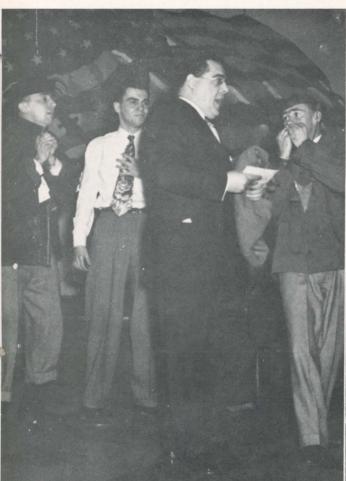

Freddie Stewart

CABARET PARTIES

"Now, a few words from our sponsor"

Wilkes version of "Battleground" Is this for real? Mule Trainnnnn . . .

The third and final cabaret party of the season, under the sponsorship of the Beacon, was held March 3, also in the Redington's Victory Ballroom. A unique act, a tap-dancing marionette, was presented by Mike Sternigus; Bill Griffith emceed this show.

All the parties proved successful and we predict that they will remain the popular affairs of the school year.

APRIL SHOWERS BALL

Intermission

The first Junior-Senior Prom ever held at Wilkes College took place May 5 at the Nanticoke Armory. The dance was held to honor the Class of 1950 and was open to all Wilkes students and alumni.

This dance was one of the most colorful ever staged by Wilkes. The decorations were in blue and gold; there was a huge golden moon set with silvery stars placed be-hind the bandstand which lent a "heavenly" atmosphere to the ballroom.

Streamers of blue and gold were stretched across the length and width of the room and the Juniors were justifiably pleased at the exclamations of awe which were heard coming from the guests as they entered the dance.

The Junior Class hope that they have established a tradition of having Junior-Senior Proms at Wilkes College

EXAM WEEK

Study ...

Steady study . . .

Too darn much study!!!

High endurance

The alarm is sounded and all is hectic until the last test is taken. Then, students become normal (or almost so) once again, and take pleasure in being alive.

Some will return for the summer session; others more lucky, will start looking forward and making plans for vacation fun; the remaining students will probably make some spending money during the summer so as to ease their financial troubles which arise every winter. winter.

EXAM WEEK

WINTER CARNIVAL

And then it snowed!

February 1, 1950 saw the first snowfall of a very mild winter.

Fortunate and opportune was this change of weather for it made the Wilkes Winter Carnival possible. Students and friends had been praying for the change in temperature; they realized that skiing and skating did not occur on days when the thermometer didn't go below 50°.

But the snow came! Cars and busses were loaded with passengers and all headed toward Split Rock Lodge. About 300 Wilkesonians greeted each other cheerfully throughout the festive day.

The students took advantage of the many facilities offered by the Lodge.

Shrill screams conto engage in that the many took pleasure Indoors, card gar the fast-passing time ships were lost in the not the winning or the sensational ging. In the evening the narek and his orch

many facilities offered

Shrill screams coming from the toboggan run incited many to engage in that thrilling sport. Though there was no skating, many took pleasure in sledding and skiing.

Indoors, card games, ping pong, and badminton occupied the fast-passing time. Championships were won and championships were lost in the game room but the important thing was not the winning or the losing . . . but the taking part. Canasta, the sensational gin game of 1950, was King of the card tables.

In the evening there was dancing to the music of Joe Bednarek and his orchestra. Everyone danced as long as each personal "curfew" allowed, then, reluctantly, the busses and cars were reloaded . . . the end of a happy day at the Wilkes Winter Carnival,

Winter Carnival.

WINTER CARNIVAL

Buffet Style

Anything for a gag

The Chemistry, Biology, and Physics departments conducted a Science Exposition for students from all high schools in Wyoming Valley.

This show is an annual affair and each year science-minded students gather at Wilkes College to see what the school has to offer.

Poached eggs, perhaps?

Looks like Blake

The purpose of is to exhibit the faments concerning chemistry, biology It is hoped that will encourage in pursue higher ed some other college.

SCIENCE EXPOSITION

The pictures on these pages are part of the collection entitled "Oil" which was commissioned as an art and educational proj-ect by the Standard Oil Com-

ect by the Standard Oil Company.

They were exhibited at Pickering Hall on the Wilkes College campus from December 5 through December 26.

Portraying the far-flung activities of the oil industry, the collection documents the production, refining, and transportation of oil and its uses from the arctic to the tropics.

The next few pages close our yearbook for this season of 1950. We hope you've enjoyed it up to this point. Lots of work, physical and mental, was expended to publish this, your Amnicola. The pictures that follow are campus shots that were taken of you and your friends. Looking at them now will bring back memories of your past year spent at Wilkes College; looking at them many years hence will recall memories of your college days.

Will you ever forget the marvelous experience and the wonderful fun Wilkes College offered? Some may think they will; some are sure they will not.

These pictures are presented to you in the hope that 1950 at Wilkes will never be forgotten. Precious moments have been captured . . . forever . . . by the click-click of a camera.

Wilkes, Our Alma Mater,
We pledge our hearts to thee.
Honor, faith, and courage,
Truth and loyalty.
In our work and in our pleasure,
Guide us as a friend;
We shall always love thee,
Loyal to the end.

Thou shalt lead us onward,
In search of finer things.
May we find the wisdom
That thy spirit brings.
May our deeds of love and service
Ever swell thy fame—
Wilkes we stand to greet thee!
Glory to thy name!

Congratulations to the Wilkes College Class of '50

Pomeroy's -- a Wyoming Valley institution -- congratulates the class of '50 on its Commencement Day and wishes you success, achievement and good fortune.

The outstanding progress of Wilkes College has been of earnest interest to us -- and many of the graduates of the college play an important role in the management of Pomeroy's.

We hope that the class of '50 will join the classes gone before it in serving, building and strengthening Wyoming Valley.

L'envoi

Each year that goes is a year that is gained; the year has been lived not lost. We have come to the end of a school year at Wilkes, regretting that we must leave familiar scenes and old friends. For many of us, this is the end of our college time. In parting, let us temper our regret with gratitude—let us be grateful that we have gained the friends that we must now leave.

Harris

Kozik

nski

peicher

The 1950 Amnicola staff is proud to have had the opportunity of presenting this fifth issue, the record of your year in college, to you. We here express our gratitude to the student body, the faculty, and the administration, for the cooperation they have given to us when called upon. Individual recognition of all those who have assisted us without seeking recompense is impossible, so we will say simply, and gratefully, thank you.
