

CAFETERIA OPENS MONDAY MORNING

OPEN AT LAST — Two views of the College's newly-completed \$100,000 cafeteria extension. The new facilities open Monday, will include new, modern snack bar (above,

left) located on first floor. Second floor has expanded dining area (below), larger table and seating groups. The new facilities are the latest in the college's expansion program.

New Snack Bar On First Floor; Open Till 4 P.M.

The College's new \$100,000 cafeteria opens Monday.

Dr. Eugene S. Farley, Wilkes president, announced earlier this week that the campus' remodeled cafeteria would be open to students beginning November 21.

The cafeteria will be open from eight in the morning to seven at night, will serve dormitory, commuting and evening students.

Arrangements for maintaining facilities for evening students is temporary, will depend upon the extent to which the cafeteria is used after four o'clock.

Schedule of hours now has the building open for snacks from eight to 11, and from 1:30 to four. Lunch periods will run in the 11 to 1:30 interim.

The newly extended facilities, under construction since late this summer, incorporates the former Kirby garage, now renovated and equipped to function as a snack bar.

Dormitory students will use the ground level of the original build-

ing, as last year. Remaining segments — one on the lower, two on the second floor — will be for use to students in general, with use expected to be predominated by day students.

The new addition to the original building extends some 42 feet along the walk from the cafeteria's main entrance to the rear of Kirby Hall. It joins with the rear of the former Kirby garage.

The new first floor also has a reception lounge and rest rooms. The building has been equipped with stainless steel serving tables, will utilize self-service machines.

Debaters Travel For First Tourney

The Wilkes College debating team will open its eighth season tomorrow when it takes part in the Muhlenberg "Get Acquainted With The Topic" Tournament, one of the earliest of the college forensic season.

Representing Wilkes will be Virginia Brehm, sophomore from Forty Fort; John Bucholtz, junior from Nanticoke; Fred Roberts, freshman from Dallas; and Jessie Choper, junior from Wilkes-Barre.

Brehm and Bucholtz will debate 4 rounds on the affirmative and Roberts and Choper 4 rounds on the negative of the question, "Resolved, That the Non-Agricultural Industries of the U. S. Should Guarantee Their Employees an Annual Wage."

With the graduation of last year's stars, James Neveras and J. Harold Flannery Jr., the current Wilkes team is largely untried in intercollegiate competition. Only Choper has had any intensive experience, having debated in five tournaments last year and compiling an impressive record of 18 wins in 24 contests.

Paired with Flannery in the Muhlenberg last year, he won 3 out of 4 debates. The team as a whole won 5 out of 8 contests and ended in 6th place.

Last year Wilkes debate teams compiled one of the best records in the country, winning tournaments at Bucknell, Princeton-Novice, Johns Hopkins, District VII and Notre Dame.

Flannery and Neveras also finish-

ed second in the West Point National Invitational Tournament for the National Championship. The team record as a whole was 70 wins in 95 debates.

As in the past, the Wilkes team will be directed by Dr. Arthur N. Kruger, associate professor of English. Dr. Kruger is vice-president of the Debate Association of Pennsylvania Colleges and editor of its annual publication. He is the author of many debating articles and is recognized throughout the nation as an authority on debate.

FIRST PRIZE TO BUTLER HALL FOR HOMECOMING DISPLAY

First prize for Homecoming displays was awarded to Butler Hall at the Homecoming game last week.

Butler's display featured an old-fashioned hearse of the horse-drawn variety. The Butler Men also had a stein with which they proposed a toast to the Alumni.

Honorable mention was awarded to Weckesser Hall and the Education Club for their displays. Awards were made at the Bridgeport game by Attorney Elmer J. Harris, chairman of the Alumni judging committee.

Education Careers Conference Today

Over one hundred seniors from local high schools attended the career conference on education held this morning at Wilkes College.

The day's activities began at nine o'clock with registration, followed by an address of welcome by Mr. John Whitby, Director of Admissions at Wilkes College. The group then saw a film entitled "Skippy and the Three R's" and heard a panel discussion on "Why I Want to be a Teacher" in which four Wilkes seniors, Pat Stout and Jim Jones, elementary education majors, and Bob Lynch and Joan Shoemaker, secondary education majors, participated.

Dr. Eugene L. Hammer, head of the education department at Wilkes

College and chairman of the conference, acted as moderator of the panel.

Mr. John Chwalek, Director of Placement, spoke on "Job Opportunities for Teachers"; the group then heard the principle speaker, Mr. Eugene L. Burton, Assistant Secretary of the Pennsylvania State Education Association.

RECESS BEGINS NOV. 23

Mr. George Elliot, Acting Dean of Men, announced early this week that the Thanksgiving recess, first vacation of the year, will begin on Wednesday, November 23 and end Monday, November 28.

The new facilities should be capable of accommodating over 500 students at a time. Slow-ups in construction delayed opening of the building. Expected to open on October 1, the cafeteria has been the scene of continued construction during the first half of the semester.

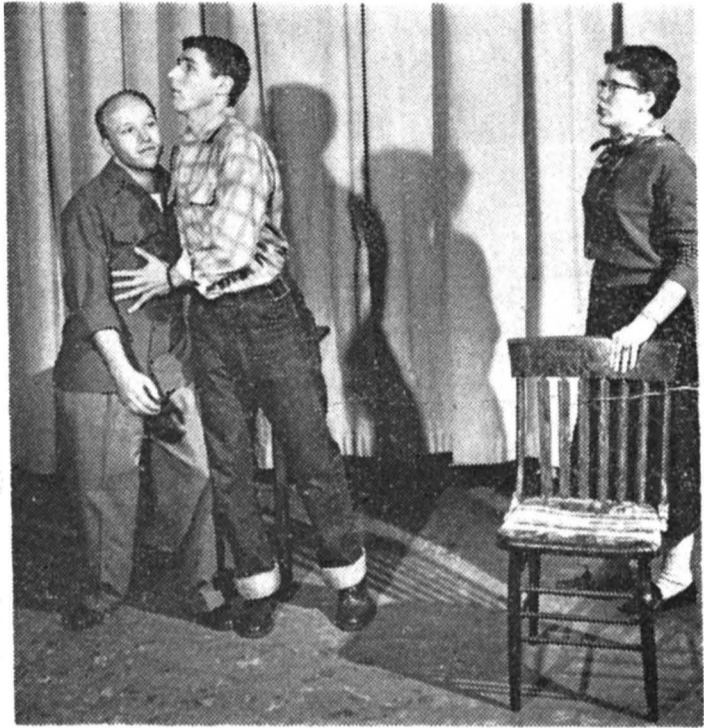

New date for the postponed opening was generally unknown until Dr. Farley's announcement this past Wednesday.

MAILEY MEETING SPEAKER

On Tuesday, November 15, Dr. Hugo V. Mailey was the principal speaker at the Seligman J. Strauss Lodge 139, B'nai B'rith.

Dr. Mailey, professor of political science and chairman of the political science department at Wilkes, spoke on "The Presidential Scene for 1956."

Cue 'n' Curtain Play Opens to WC Tonight

"IS IT THE TRUTH?" — Paul Schiffer, Larry Amdur, and Marian Laines wonder if Bruce Williams will win a \$10,000 bet on his ability to tell "Nothing But The Truth" in tonight's play.

Comedy Stars Amdur, Williams and Schiffer; Curtain Rises at 8:30

There's \$10,000 riding on Bruce Williams' ability to keep from lying tonight.

If Williams, as Robert Bennet in Cue 'n' Curtain's presentation of "Nothing But The Truth", tells even the slightest fib he's lost the ten thousand.

But if he tells the absolute truth for the dramatic equivalent of 24 hours, he's in pocket not only his own money but the cash laid against him by Jim Miller and Paul Schiffer, together with Larry Amdur. Miller, Schiffer, and Amdur, as Ralston, Donnelly, and Van Drusen, aren't going to let Williams have anything like an easy time of taking their money — particularly since they want his.

That's the problem confronting Bruce Williams tonight. Local high school students found out last night how he solves it, and this evening the people here at the College and their neighbors in the community will have a chance to see who wins the bet.

Curtain time for "Nothing But The Truth" is 8:30 tonight at the College gym.

General admission is a dollar, but Wilkes students get in for free on activity passes, which will admit two this evening and at tomorrow night's performance as well.

Others in the cast besides Williams, Miller, Schiffer and Amdur include Carl Ernst, Jane Obitz, Marian Laines, Patricia Yost, Barbara Tanski, Nancy Beam and Nancy Brown.

Mr. Alfred S. Groh will direct; stage crew is in charge of Fred Helfrick.

All College Tea Top Social Event

Top social event for this week will be the All College Tea, an annual affair sponsored by Theta Delta Rho. The tea will be held in the cafeteria today from 3 to 5, and everyone on campus is invited to drop in, relax over a cup of tea, and "meet the gang."

The many social affairs of TDR afford each girl an opportunity to assume responsibility of a committee, and also to improve her social grace.

Theta Delta Rho plays a vital part in college life by assuming much of the general social responsibility of the campus.

Chairman of the affair is Peggy Stevens. Her committees include: Invitations, Carolyn Goeringer; decorations, Mary Ann Lefferdo; refreshments, Natalie Barone; hostess, Nancy Morris; publicity, Miri-

EDITORIALS

What Goes On Here?

Some four weeks ago we bemoaned the fact that there was no-one to succeed this administration of the College paper. We noted that just a little hard work would doubtless put some junior, possibly some sophomore, this year into the editorship next Fall. That was four weeks ago. Since then the number who've joined the Beacon staff from the upper classes have been a big round figure — zero.

Maybe we just don't think along the same lines as others around here, but we feel that there ought to be some attraction to a position which not only permits one to serve the College and the community, but which even offers the more personal rewards of a scholarship and even some degree of social prestige — or so they tell us. But all that aside, it does seem odd that no-one has so far endeavored to try for the position.

Just what goes on in readers' minds in regard to this situation, anyway? We'd like to know; in point of fact, we've got to know. If we don't, the readers get no paper next year, or at any rate a blame poor one.

Letter to the Editor . . .

To the Editor
Wilkes College "Beacon"
Sir:

After the recent "Honor Code Assembly" I felt that a large fraction of students were unconvinced by the arguments used in its favor. Perhaps too much emphasis has been laid on honor as a self-rewarding virtue. Somehow when you are honorable you are supposed to glow with a nice feeling. A lot of students have waited for this to happen after they have been honest, and have been disappointed. Naturally they are cool toward moralistic arguments.

Settings up a code of behavior on moral foundations is a desirable, but an often unneeded refinement. There exist in everyday life numerous examples of codes of behavior which are the result of common-sense practicality alone.

An example is the notable respect for other's property found among boatman and fishermen. It is common experience to see in harbors thousands of dollars worth of rope, anchors, nets, dinghys, and so on, lying unwatched on docks and boats. The boats themselves are often as not left open, valuable instruments and gear ready for the taking. Yet theft is rare in the extreme. Because it is easy to catch the thief? Quite the oppo-

site; it is almost impossible. The reason is simply that boating and fishing would cease because the total available energies of all concerned would go into locking up and posting watch on every belonging.

In a plant where I worked nine years about fifty machinists had their own tools, each man three to five hundred dollars worth. No one ever thought of locking them up. I never heard of a case of loss by theft. That was a code of mutual convenience having the very practical reward of freedom from the nuisance of being always on the watch.

The most telling argument for an honor code in college is that it further frees your teachers, your administrators, and yourself for the one purpose you presumably came here for, that is to get educated. Every instant we spend being cops is taken away from you.

It is doubly taken away because energy spent on teaching often gives us a self-renewing sense of accomplishment, whereas energy that goes into policing is worse than wasted, it is squandered on a humiliating and negative job.

You students would be surprised to know how much you influence the quality of your courses. There is one very positive way you can do so for the better: free us so we can be more creative teachers, it's no fun being a cop.

C. M. Worstall
Asst. Prof. of Physics

Why do more college men and women smoke VICEROYS than any other filter cigarette?

BECAUSE ONLY VICEROY GIVES YOU A PURE, NON-MINERAL, NON-TOXIC FILTER WITH 20,000 FILTER TRAPS IN EVERY FILTER TIP!

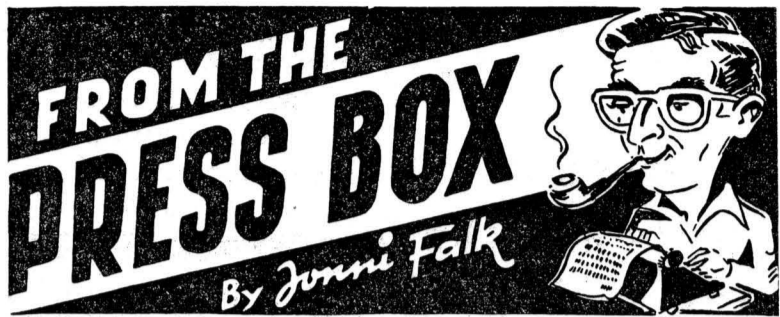

1. Yes, only Viceroy has this filter composed of 20,000 tiny filter traps. You cannot obtain the same filtering action in *any other cigarette*.
2. Besides being non-mineral and non-toxic, this cellulose-acetate filter never shreds or crumbles.
3. The Viceroy filter wasn't just whipped up and rushed to market to meet the new and skyrocketing demand for filtered cigarettes. Viceroy pioneered. Started research *more than 20 years ago* to create the *pure* and perfect filter.
4. Smokers en masse report that filtered Viceroys have a finer flavor even than cigarettes without filters. Rich, satisfying, yet pleasantly mild.
5. Viceroy draws so easily that you wouldn't know, without looking, that it even had a filter tip . . . and Viceroys cost only a penny or two more than cigarettes without filters!

That's why more college men and women smoke VICEROYS than any other filter cigarette . . . that's why VICEROY is the largest-selling filter cigarette in the world!

20,000 TINY
FILTER TRAPS . . .
plus Richer, Smoother Flavor

Gridders Close Season at Moravian

THE END OF AN ERA

At 3:30 last Saturday afternoon, in Philadelphia, a glittering chapter in Wilkes College came to an end. The opening words had been written back in 1949, and it was popularly known by the college sports scribes as the "Saga of Parker Petrilak."

Not only was Parker probably one of the most colorful athletes ever to don the Blue and Gold, but he is the only four-sport man in the history of the College. However, after romping about in countless Colonel uniforms, his career came to an end last Saturday in the soccer team's 3-2 win over Philadelphia Textile.

"Ol' Park" graduated from Hanover Township High School back in 1945 which may make him a bit ancient to the frosh. However, he put in a hitch in the Army following his scholastic days and then entered Wilkes in 1949. He left for another tour of Army duty during the Korean conflict in 1951-52.

Strange as it may seem for a natural born athlete, Parker never played any high school sports. His first crack at athletics came at Wilkes and the first sport to be exploited was basketball.

Just to get matters straight and see how he managed to earn four monograms, he played basketball in 49-50, 50-51, 53-54, and 54-55. He played soccer in 50, 54, and 55, serving as captain of the team this past year. He won his football and baseball letters in the same year, 1953.

BASKETBALL GAVE MOST THRILLING MOMENT

Park lists basketball as his favorite sport and his most thrilling moment came while performing for the cagers at Hempstead, N. Y., in January, 1954. That was the wintry night that he dumped a 15-foot hook shot to beat Hofstra in the final five seconds of play. He had previously netted a pair of fouls with less than a minute to play to keep the Colonels close.

When asked about today's athletes as compared to those back in 1949, Parker said, "College students were more mature when I started. We still had a lot of WW II vets. They were steadier athletes."

As captain of this year's soccer team, he said that this year's booter squad was the best the school has ever had, but with a few breaks could have been better.

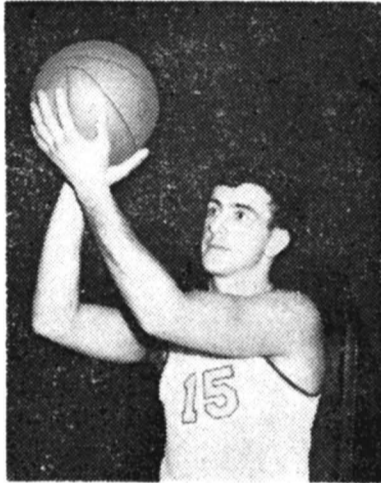

Incidentally, his play in the goal this year earned him special recognition from many coaches and officials. Perhaps his finest tribute came from a veteran soccer observer at this year's Bucknell game who called him, "The best goalie I have ever seen in American soccer."

LISTS TOP ATHLETE

As a veteran sports observer himself, Park was asked to name the best athletes he had seen while performing for Wilkes. His answers sound like a Who's Who in Wilkes athletics. In football, he picked the incomparable Al Nicholas; for baseball Len Batrone got the nod; he named Flip Jones and Younsu Koo as the best booters; and Bobby Benson and Len Batrone in basketball.

Parker's athletic achievements around the Wilkes campus won't be forgotten for a long time. His name is inscribed as "Beacon Athlete of the Year for 1951," the first year that the paper gave out the award. His constant line of chatter, his willingness to help youngsters, and his all-out play should serve as an inspiration for Colonel teams to come for quite a while.

Parker will graduate in February with a bachelor of science degree in elementary education and his future plans are to work with children in the grade schools. He is now student teaching at Third Avenue School, Kingston. A campus romance culminated in his marriage last year to the former Lois Jones. They have one daughter.

PARKER PETRILAK

Bowlers Open Sunday

The intramural bowling league will start league play at the Jewish Community Center on Sunday night, December 4.

All games will get underway at 7:15 promptly which means that college keggers can figure on getting home about 9:30.

The loop has been divided into two separate leagues which will bowl on alternate weekends.

Lists of teams will be circulated throughout the campus today and there will be a meeting of team captains next Tuesday following assembly for the purpose of setting rules.

The large number of applicants

for this year's league has necessitated the formation of a waiting list. All people who are listed on the waiting list are encouraged to go to the Center on opening night. They will replace absentees and thus be able to bowl for average.

Trophy awards will be made to the winners in the individual departments.

Anybody who would like to switch from one team to another may contact Jonni Falk and everything possible will be done to see that he gets on a team with people he knows. The difficulty of selecting teams has probably placed some keggers with strangers.

Booters Whomp Textile To Wrap Up Best Year

The Booters closed out their best season in history as Jim Ferris collected two and Nick Giordano one goal with the help of Hank Deibel's two third period assists to help the Colonels cop their third straight winning season and a 3 to 2 victory over Philadelphia Textile at Philadelphia last Saturday.

Jim Ferris, playing his last and one of his best soccer games for the Blue and Gold, put the Colonels out in front after five minutes had lapsed in the first period on his first of two 18-yard goals.

Isaac Guberack, inside left for Textile, tied the contest in the second period but Ferris immediately countered in the third period with another 18-yard goal with an assist from Plymouth's Hank Deibel. Four minutes later, Nick Giordano, freshman sensation, contributed his sixth goal of the season to ice the contest.

Alumni See Gridders In Scoreless Deadlock

While Ronnie Rescigno's running and Queen Jackie Jones' crowning highlighted Wilkes College's Homecoming clash against Bridgeport, the gridders battled to a 0-0 stalemate at Kingston Stadium last Saturday.

The Alumni witnessed a hard-fought struggle that saw Ronnie Rescigno break through on numerous occasions and go all the way in the third and fourth periods on spectacular runs of 44 and 31 yards only to have the plays nullified because of off-side and holding penalties.

In the statistical department the Colonels edged the Knights as they marked off seven first downs to the invaders' five.

Jim Ferris Gains Top Player Honor For Soccer Feats

Player honors this week go to a familiar figure, Jim Ferris, who was Beacon Athlete of the Year last year.

Ferris received the nod for his play in the soccer team's final game of the year last Saturday against Philadelphia Textile. The balloting this week was the closest it has been all year with Ferris narrowly nosing out several other candidates.

The Kingstonian was a one-man show against Textile and played

Jim Ferris

one of the finest games in a sparkling soccer career. He boomed home two 18-yarders which caught the Textile goalie going the wrong way both times.

The first came after five minutes of the first period had passed and the second broke a 1-1 tie.

While Ferris scored only three goals this year, all came from far out.

He is rated a strong candidate to be the first Wilkes athlete ever to repeat for Athlete of the Year honors.

Picton Looks for Second Victory; Six Seniors to Play in Final Game; Trosko Loses Five Top Linemen

Six seniors wind up their grid careers in tomorrow's football finale against Moravian College in Bethlehem. All six of the boys have been steady performers for the past few years. The line will be the hardest hit, losing five of the gridgers who are leaving.

SENIOR GRIDGERS IN LAST GAME — Top, left to right: Jarell Cashmere, Bob Masonis, Howie Gross. Bottom: Joe Wilk, Cliff Brautigan, Captain Glenn Carey.

GLENN CAREY has been a standout for four seasons and captained the Pictonmen this year. An iron man, he has played 60 minutes in almost every tilt and leaves a big hole at the center position.

CLIFF BRAUTIGAN was hampered by illness most of this season but will be ready for tomorrow's

tilt. Playing at tackle, he has been a bulwark in the Colonel defense.

HOWARD GROSS is the lone backfield performer among the seniors. Formerly a center, he was moved to blocking back in the single wing and now plays quarter-

ALL COLLEGE DANCE TO BE PRESENTED FRIDAY AT GYM

Next Friday evening in the Wilkes Gymnasium, the Student Council will present its annual All-College Dance. Final plans for the dance were made at the Council meeting Wednesday night.

Sam Lowe, chairman of the music committee, announced that music will be furnished by Glen Micheles and his orchestra, whose services are being donated through the courtesy of the Musicians Union. The band will play for dancing from nine 'til twelve.

The Annual All-College Dance has become a traditional night-after-Thanksgiving affair at Wilkes and in a way it serves as a "homecoming" celebration for all college students who call Wyoming Valley their home, though they may be attending schools in far distant parts of the country.

In the past several years the gym has fairly burst its seams with the huge crowds drawn to the popular affair. This year, as usual, invitations have been sent to more than 60 colleges and universities throughout the state and a capacity crowd is anticipated.

There is no admission charge and refreshments will also be gratis, so-o-o-o keep this date in mind — November 25, Friday night. Come and see all your old friends, meet a lot of new ones, and just plain enjoy yourself!

WC ADMINISTRATION TO ANSWER STUDENT QUERIES AT ASSEMBLY

The Lettermen's Club and Theta Delta Rho will jointly sponsor a question and answer period at Tuesday's assembly that will bring members of the administration and the president of the Student Council before the student body to enlighten the students on any matter of school policy which may trouble them.

The program has been dubbed "The Roving Mike" since a portable microphone will be passed among the students so the entire assemblage may hear the question that is asked. Dean of Women Mrs. Gertrude Doane, Acting Dean of Men George Elliot, and Student Council President Robert Lynch will answer the questions from the speakers' platform.

The "Roving Mike" assembly has been in the past an extremely informative session. Members of the administration have given straight forward answers to all questions. Mrs. Doane announced that this policy would be continued and that any information the administration has about school policies will be given to the students.

LIBRARY NOTES

Illuminated pages of original 15 and 16 century Manuscripts on display in the display case in the library. Of special interest to students of History 101 and English majors.

Mask of Christ by W. Benda on display in the main hall of the library. It is the property of the Polish Room at Wilkes and was given to the library for display by Mrs. Kocyan.

Library will be open during Thanksgiving vacation: Wednesday from 8 to 4; Friday from 9 to 5.

Trojans Hold Top Spot With Intramural Win

By CLIFF KOBLAND

In the only intramural grid game played this past week, Butler Hall went down to defeat, 12-0, at the hands of the undefeated Trojans.

The game was one of the roughest and the hardest fought contests in the history of intramurals here at Wilkes.

Leading the Trojan attack was Dick Kachinosky who scored both touchdowns on pass plays. One score came in the second period and the other in the final quarter. But the score does not indicate how close the game really was.

Butler Hall was always threatening. Almost all of the second half was played inside the Trojan 20, but Butler could not push across that all important score.

The Butler defense was really something to see. They stopped the highly touted Trojan offense cold throughout most of the afternoon.

The game between Butler and the Engineers scheduled for Wednesday was called off on account of wet grounds. It will be played at a later date.

On this past Monday, the Engineers beat Weckesser by a forfeit because Weckesser failed to show up.

DAVIS SEEKS MANAGER FOR COLONEL CAGERS

Anybody interested in serving as a manager for this year's varsity basketball team should contact Eddie Davis, hoop coach, as soon as possible.

Applications may be left with Rodger Lewis in the Public Relations Office and should include class, experience and telephone number.

(continued from page 3) PICTON LOOKS FOR

back in the split-T.

JOE WILK is another tackle who has performed for several seasons. Despite the fact that he has been injured several times, he has always come back fast to do a fine job.

BOB MASONIS was switched to guard this year and has come along fast in the position he held down in high school. He was particularly outstanding in the Maryland State game.

JARELL CASHMERE has been a fine end both offensively and defensively and is probably the best pass catcher on the squad. He has been another of the iron men who have been forced to work overtime due to a lack of reserves.

All six men will be in the starting lineup at Moravian tomorrow in an effort to upset the Greyhounds.

Moravian toppled the Colonels a year ago and this year boasts of one of the top scorers in the country in halfback Joe Gerenscer.

She: "Yes, I always dress to match my complexion."

He: "Oh. Don't you find hand-painted dresses expensive?"

One sure way to produce a bright new world is to clean one's spectacles.

3 HOUR PARKING OK

Parking stickers are still available to laboratory students at the BEACON office on the second floor of the Lecture Hall.

Students are reminded that these stickers are not in force in the South River Street parking area during the period from 4 to 6 P.M. when all parking is prohibited there as a means of expediting rush-hour traffic.

Stickers cannot invalidate City traffic ordinances, and co-operation is urged in the matter, inasmuch as the City itself is already co-operating.
