Museum
The University of Pennsylvania

"Summer Theme Song"

Tune: "Camping Life"

Lyrics: EB and Sue.

Chorus: I don't want no more of Upward Bound;
Gee, but I want to go home.

1. The burgers that they feed us, they say they're mighty fine,
One rolled off the table, and killed a friend of mine. Chorus
2. The roomates that they gave us, they say they're mighty fine,
I'd say anybody is welcome to fake mine. Chorus
3. The T-shirts that they sold us, they say are mighty fine,
Me and my buddy can both fit into mine. Chorus
4. The food that they feed us, they say is mighty fine,
Yesterday's breakfast killed a friend of mine. Chorus
5. The stipends that they give us, they say are quite enough,
But with cigarettes and soda it certainly is tough. Chorus
6. The curfew that they give us, they say is late enough,
When I'm with my honey, it certainly is rough. Chorus
7. The bosses word is final, they say that is the case,
What I do behind her, I wouldn't do to her face. Chorus
8. The schedule that they give us, they say there is free time,
But they didn't tell us, it was our sleeping time. Chorus
9. The counselors that they gave us would rather work as waiters,
When you have a problem, they deal with it later. Chorus
10. I know that it could like I hate it end to end,
But if they asked me, I'd do it all again. Chorus
