AS A MECH. ENG. ONE

Graduated from Wilkes
the summer I remember about
fellow friends and having with my
games and watching TV late at night before
going to bed. One thing that we did that no
one was caught us was the one time during
the week I had to move my car into a different
parking lot because of an event that took place
the car we went joyriding around W-B for
about an hour. And no-one was there!

I love upward Bound!
There has never been anything
that I have loved so much for
such a long time as I have with
UB. Great friends and great
memories. Great college.
♥ UB!

Alright, alright, do
I just wrong when I
first come here I
thought upward Bound
was a prison and I
planned to run away
but with the help from
friends and teachers +
staff who gave me
a big difference in my life.
I just feel good +
thinking of this prison program.
