Alma Mater

Wilkes, our Alma Mater,
we pledge our hearts to thee.
Honor, faith, and courage,
Truth and loyalty.
In our work as in our pleasure,
Guide us as a friend;
We shall always love thee,
Loyal to the end.

In search of finer things.

May we find the wisdom

That thy spirit brings.

May our deeds of love and service

Ever swell thy fame -
Wilkes, we stand to greet thee!

Glory to thy name!

Amnicola 2012-2013 yearbook note

Dear Class of 2013,

Congratulations! You have completed your coursework and your requirements to graduate. Your time at Wilkes has come to an end. It is an end that you should be extremely proud of. You are now entering a new phase of your life. One journey has ended; yet another journey awaits you. Where will you go? What will you do?

In your celebration of your accomplishments and this very important milestone in your life, remember that although your time at Wilkes ends with a presentation of a degree, there have been equally important lessons that you have learned during your time here. As a freshman, you entered with the goal to earn a bachelor's degree. You have completed this goal. But as Ernest Hemingway reminds us, "It is good to have an end to journey toward; but it is the journey, that matters, in the end."

Think about your time here at Wilkes and what you have learned not only in the classroom as part of your journey to attain your degree, but also what you have learned as a person outside of the classroom, in your interactions with professors, mentors, classmates, coaches, teammates, friends. Think about your journey as an adult, as a learner, as a friend, as a fellow human being.

Think of the relationships fostered here. Think of your mentors and perhaps those you sought to mentor. We emphasize those relationships here at Wilkes. I hope it has made your journey here a better one and one that you will continue to learn from as your life continues past our campus. I hope it has also inspired you to mentor someone else, whether it be in your next classroom or your new occupation.

We hope that you will think of your time here often. We will certainly think of you often. Your journey as a Wilkes undergraduate has ended; but your journey as an alumnus has just begun. Keep in touch. Come back and visit. Share your stories and your new life lessons with us. Although a new journey begins for you, perhaps far away from Wilkes, we want to hear about it. And as our journey as a school continues on, we urge you to remain a part of it. Take advantage of the Alumni Association; there are incredible alumni out there looking to mentor new Wilkes graduates. Return for Homecoming and see what's new on campus. Stay in touch with your wonderful professors and coaches. Wilkes will always be waiting for your return.

So go forth! Begin a new journey! I wish the best for you. Remember your journey here at Wilkes. I hope it will provide you with fond memories, a desire to continue your learning, and the passion to help those around you. We will miss you!

Come back and visit,

Unlike many sports in college the men's and women's cross-country teams eat, breathe, and run

together. It is rare for a cross-country team to only challenge one team, in what we refer to as a duset-up. Instead many competitive environments contain multitudes of teams known as Invitation. The distance of each Invitational may vary slightly, which makes time comparison more difficult.

This year the City of Wilkes-Barre put on a concert over the Susquehanna River. Wilkes and Kings students were welcome to attend the free concert. In 2012 Andy had the opportunity to perform on Jimmy Kimmel Live, The Tonight Show with Jay Leno and Good Morning America. He is most known for his singles "Keep Your Head Up and "Fine By Me." Wilkes sophomore student Haley Adams received the best birthday gift when Andy Grammer personally sang Happy Birthday in front of everyone.

If you liked to play board games when you were younger than this was the perfect competition for you. Students were asked to use their creativity and create a designed cake that reminded them of a game they used to play. During Homecoming week, Student Government put together an amazing blacklight party. Located on the greenway, students were equipped with white shirts, glow sticks, balloons, and neon paint. The DJ, junior Jaleel Sterling, got the party started for the night. Everyone walked away drenched in sweat, colors, and smiles.

Murder Mystery

No true murder took place at Wilkes this year (disclaimer), but there was an imitation crime scene created with the creative minds of students on campus. The scene was set as realistic as possible from bloody bodies, to innocent bystands. Using clues located at each scene students walked around and attempted to figure out

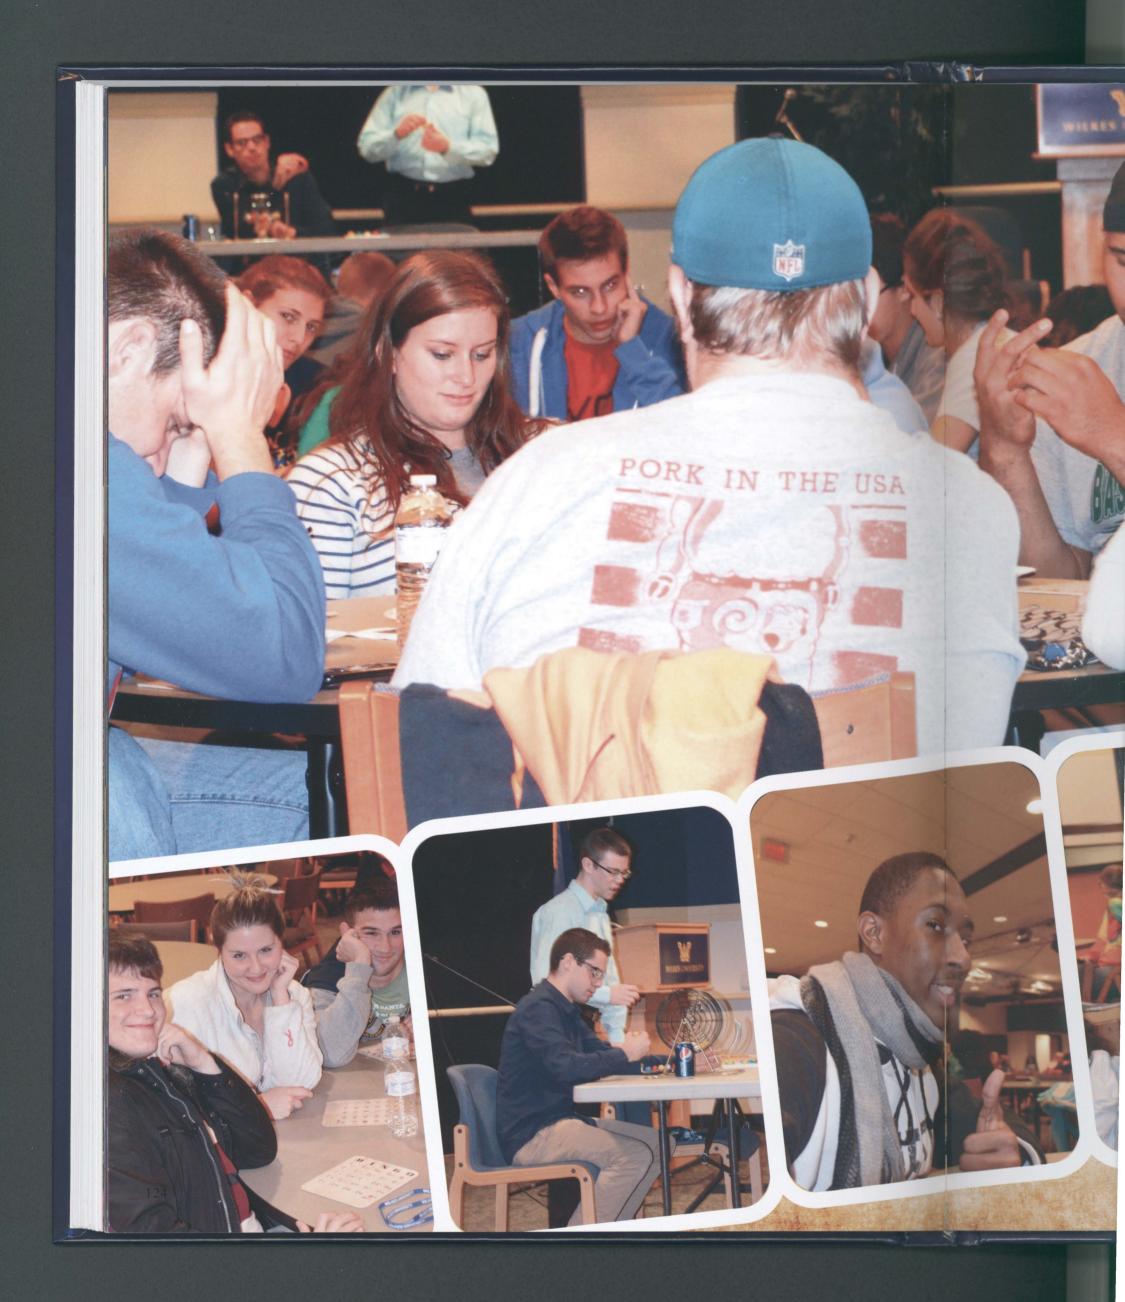

Periodically throughout each semester and especially during Casino Week BINGO players can be found sitting down and crossing their fingers for the right letter and number to be called. There are always numerous handy prizes to be won; whether that's tickets for the raffle prizes or a movie kit fit with popcorn, candy, and a giftcard. It always made for a relaxing but still extremely competitive evening for most.

hristmas Sale

An annual and quite convenient tradition at Wilkes is the Christmas Sale located on the first floor of the Student Henry Center. Local businesses are encouraged to bring in their merchandise and set up display tables for the students to shop. It makes everything easily accessible and provides a wide variety of selections. It also allows businesses to get their name out to students. Pictured below in the left are students Courtney Leighton and Kerry Morton, Courtney's mother is the owner of The Bee Hive located near the Wilkes Barre Square.

Homecoming Court

Hello graduates and the families of the class of 2013. Who would have thought we'd come this far in 4 short years. It seemed like just yesterday we were moving into dorm halls exchanging names and numbers eager to start our exciting journey of homework, sports, and other extra curriculars.

Wow I'm more nervous than I thought I'd be. I've never spoken in front of more than 20 people and I stand before you facing thousands. I'm not sure I can finish this.

(Look at Dean Adams, cue the music start)
