## Results from smoking survey compiled

By GINA M. TAGNANI  
News Editor

The official results are in on the smoking survey.

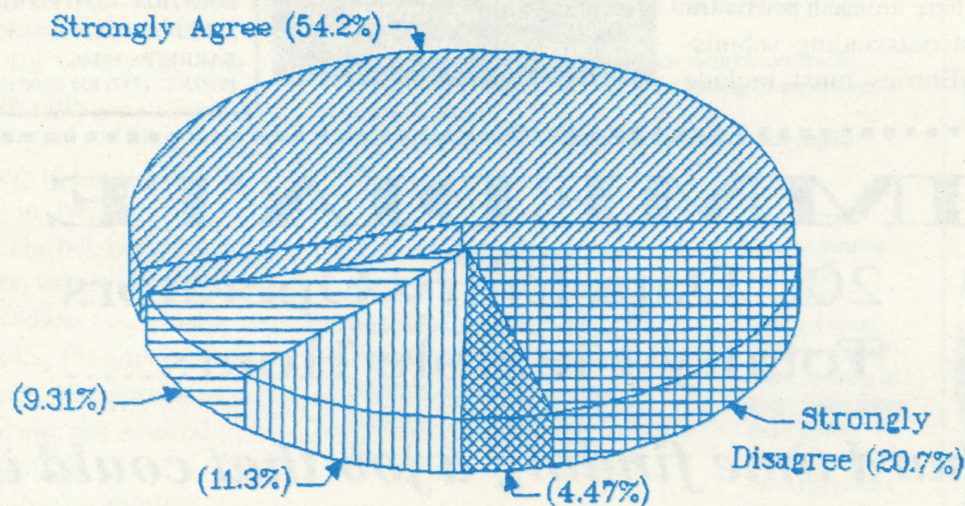

The Wilkes population that was surveyed was asked various questions to which they answered the following:

Do you believe smoking should be allowed in classroom buildings? Yes (20%); No (81%); administrative buildings? Yes (19%); No (81%); residence halls? Yes (43%); No (57%); academic support buildings? Yes (10%); No (90%); the student union building? Yes (34%); No (66%); athletic complexes? Yes (12%); No (88%); offices? Yes (28%); No (72%); outdoor gathering places? Yes (70%); No (30%).

Also according to the survey results, 75% of the people surveyed strongly agree that second-hand smoke is harmful to their health. The majority of the people polled also believe that smokers have the right to smoke in open, public areas. A staggering 64% of the respondents believe that the University has an obligation to protect non-smokers from second-hand smoke. And 54% think Wilkes should be smoke free.

I think Wilkes should be a

Smoke-Free Campus

## Mazzeo elected as SG President

By GINA FRAPPOLLI  
News Writer

Junior Andy Mazzeo has just been elected the Student Government president for the Wilkes University 1994-95 school year.

Although Mazzeo has numerous ideas on his agenda for next year, he has focused in on a few areas that he feels could improve the quality of student life at Wilkes.

To begin with, Mazzeo is very concerned about "making academic resources available to students." He has reported hear-

ing various complaints from students who try day after day to get into the computer lab, for example, and find that it is always occupied by classes or seminars.

Mazzeo will be working closely with Vice President J. Michael Lennon and other administrators to improve the present system for the betterment of the students.

Also on the agenda is Mazzeo's plan for a better means of publicizing and advertising campus events. "Even though posters are hung all over the

place, I don't always get the impression that people take notice to them. I'd like to discuss a few ideas with the Student Government to promote a more efficient advertising technique. This is one important area that we must work on collectively," said Mazzeo.

Renovations of the bleachers at Ralston Field is another concern of Mazzeo's.

Since the bleachers at the football field are rather old and outdated, he feels some type of improvement should be made.

By discussing ideas with

Student Government and the Athletic Department, Mazzeo hopes to devise a plan to renovate those facilities.

In addition to these amendments, Mazzeo is paving the way for a fall semester workshop, "Recognizing Clubs and Organizations."

Since there seems to be such a weak link between all the different clubs and organizations, Mazzeo has organized the workshop which will enable all clubs to stay in touch with one another.

The workshop will include

## Wilkes gets a \$2 million grant

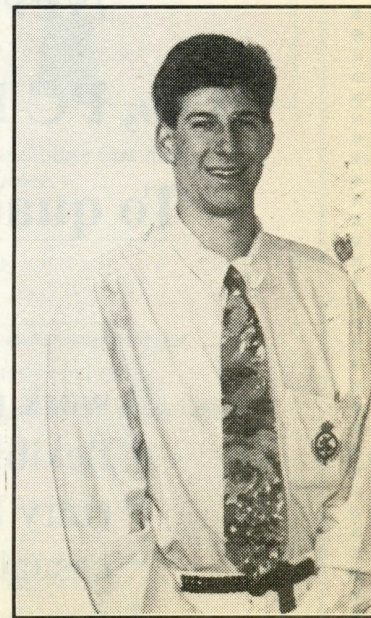

WILKES-BARRE—Wilkes University has announced a \$2,000,000 state grant to establish the Teacher Education Center (TEC) component of the Information Technology Education Center (ITEC) program.

The money was approved by the Pennsylvania General Assembly and will be administered by the Pennsylvania Higher Education Assistance Agency (PHEAA).

Wilkes has been chosen as the site for the TEC and Dr. Joseph Bellucci of Conyngham has been chosen as the director of the TEC at the university.

The TEC component of ITEC coordinates the design of ITEC microcomputer courses and workshops for Pennsylvania's K-12 teachers, trains instructors for ITEC courses, schedules courses at 14 ITEC throughout the Commonwealth and evaluates the effectiveness of the courses and of the instructors.

Wilkes University is also an ITEC.

# WHAT'S UP?

May 6

American Diabetes Association Rose Sale will take place in downtown Wilkes-Barre from 10:00am to 2:00pm.

May 12

Apple will be presenting three new Macintosh Computers based on a new powerful processor. At 1:30 a presentation will take place and at 2:30 you will be able to try these new computers out for yourself. For more information call Ted at Ext. 4676

May 18-20

Volunteers are needed to help with the arts & crafts and face painting at the International Children's Theater Festival. For more information 831-5904.

Community Service

The National Civilian Community Corps is offering a new program where in return for community service you will be given a monetary educational award, a living allowance, room and board, uniforms, medical benefits, and child care. To request information and application call 1-800-94-ACORPS.

Literary Contest

Avant Garde Publications is looking for non-published essays, anecdotes, and short stories of any length pertaining to the title The Ultimate College Guide, to publish in their new book. There are cash prizes for the most outstanding submissions. Entries must include

name, address, school's name, telephone number, and be postmarked by June 1 to be eligible for competition. Entries should be submitted to Avant Garde Publication, 104 Laburnam Crescent, Department J, Rochester, NY 14620, Attention: College Talent.

## AN EVENING OF THE ARTS

A special performance comprising all of the Performing and Fine Arts departments of Wilkes University. The department of Theatre, Music and Dance will be joined by the Fine Art department and the manuscript. For a free show on Sunday May 15th at 8 p.m. on the main stage of the Dorothy Dickson Darte Center. All are invited and encouraged to attend.

## DeAngelis to speak to grads

WILKES-BARRE — Wilkes President, Dr. Christopher N. Breiseth has announced that Alumna Dr. Catherine DeAngelis '65, a University Trustee and professor of Pediatrics at John Hopkins University, will deliver the commencement address during upcoming graduation exercises on Saturday, May 28, at 2 p.m. at Ralston Field. The University will award DeAngelis with an Honorary Doctorate of Humane Letters.

A member of the John Hopkins University faculty since 1978, DeAngelis serves as senior associate dean of Academic and Faculty Affairs as well as a professor of Pediatrics. She is a member of the Affirmative Action Committee, the Post-Graduate Education Committee, and the Board of Student Advisors.

The Scranton native received a Bachelor of Arts degree in nursing from Wilkes in 1965 after completing the Registered Nurse program at the Scranton State General Hospital School of Nursing. She holds a Medical degree from the University of Pittsburgh School of Medicine and a Masters of Public Health degree from the Harvard Graduate School for which she was awarded a National Institute of Health Fellowship.

In the early part of her career, DeAngelis organized an immunization program and taught nurse practitioners in Peru. She was also a member of an immunization team in Nicaragua. In addition, she completed a subinternship at Harbel Hospital in Liberia, West Africa, and organized a program to teach pediatric nursing skills at the University of the West Indies.

Author, editor, and co-author of six books, DeAngelis has also written 85 articles, reviews, and chapters. She serves as a reviewer for the American Journal of Medicine, the Journal of Pediatrics, and Academic Medicine, among others.

In addition to numerous other state and local communities, DeAngelis serves as the chair of the Maryland Governor's Commission on Women's Health. On a national level, she is a member of advisory groups and panels for the Pew Charitable Trust and Health Professions Commission, and a member of the American Association for Health Services Research.

continued from p. 1

student government members, and the leaders and executive boards of campus clubs. Professional speakers will be present and a small group discussion will occur so everyone will be able to voice their opinions and gripes. If the first meeting proves to be successful, Mazzeo hopes that a pattern can be set for monthly meetings.

Although it seems Mazzeo will have his hands tied, he has promised to continue working on the "plight for a better cafeteria setting" and he is sure the Food Committee will remain

active.

Mazzeo has also stated that if time and money permits, he would like to review the plan for a phone directory. Mazzeo feels that it would be an improvement to our school system and something he'll definitely look into.

As a final comment, Mazzeo stated how inspired he was by this election. "I am really excited that the students gave me the chance to represent them as their student body president. I promise them the effort and dedication that goes along with this job."

## Add A Little Credit To Your Summer Plans

- If you'd like to concentrate on just that one tough course...
  - If you need credits to keep your degree on track...
  - If you want to graduate early by fitting in an entire extra semester...
- ...**Bloomsburg University summerschool is for you!**

### Summer Sessions

- Session 1: May 31-July 8
- Session 2: June 20-July 29
- Session 3: July 11-August 19
- Session 4: May 31-June 17
- Session 5: June 20-July 8
- Session 6: July 11-July 29

earn credits while holding seasonal jobs and enjoying summer activities.

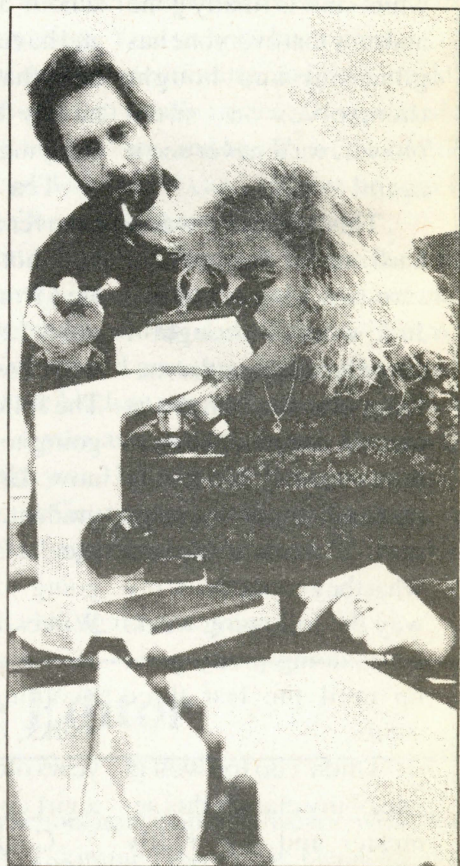

### The summer program offers

- Three and six-week sessions where you can focus on a single course or earn up to a dozen credits.
- Credits that are transferrable to most colleges and universities. *Students enrolled at other institutions should check with their registrar about transferability.*
- A large selection of courses on schedules that leave

No matter where you're enrolled, progress toward your degree doesn't have to stop in May. Join more than 4,000 graduate and undergraduate students who continue to

room for other summer activities.

• The high quality, personal attention and affordability that make Bloomsburg University a terrific choice.

# Adult Learner News

## Live and learn

This is a weekly news feature in The Beacon with articles pertinent to the adult learner and non-traditional student. If you have any story ideas for this feature please contact Gina M. Tagnani, News Editor, c/o The Beacon at 831-5000 ext. 2962.

Hard to believe, but here we are at the end of another semester and what a semester it was. I can very honestly say that I am far from sad to see it go.

This semester took a long time getting started but once it did there was no stopping it. I'm sure at one point there, everyone at Wilkes was beginning to wonder if we would ever have a complete week of school. That white stuff just kept falling out of the sky as if it had to make up for the past six years. In case you haven't noticed, the white stuff is finally gone and now that everyone has gone out and bought themselves a snow blower, we'll never see it again!

This semester was a hard one for me, but I am sure that I wasn't alone. Just when I thought I could breathe again something else was thrown at me. At one point I began to wonder if all of my professors got together once a week to decide what they could throw my way the following week. I was doing pretty good up until the last three weeks.

I didn't do too well in one of my classes this semester and that really bothers me. I tried really hard but it seemed that no matter how hard I tried it just wasn't hard enough. When I was younger, that kind of thing never bothered me. I don't know, maybe that was because back then my parents paid my tuition and now I am paying it. What a difference it makes! You live

and you learn!

This semester has taught me a lot of things. One is know who your professors are before you take their class and another is know who your friends are and if they will let you cry on their shoulder, do it.

I learned this past week that if you try and handle something on your own and keep the anger locked up inside of you it just makes you even more angry. Again, you live and you learn!

I think that as an adult learner I tend to do something that the traditional student doesn't. I tend to look at people my age who are now successful in their jobs and envy them big time. All of my friends from high school are now in stable jobs and have families of their own. I envy that. I wish it could be me, mostly because I am tired of studying.

Ten very long years ago, I sat over at Spartan Stadium on a very hot June night and graduated from high school. At that point I thought I knew exactly what I was going to do in life. The following September I was going to start college at what is now Liberty University and graduate from there with a degree in Communications. I was going to move far away from Wilkes-Barre, work at a network affiliate television station (working my way up to the networks, of course), marry at 25 years old and live as happy a life a girl could ask for.

Could a person ever have been more wrong about their life? Here I am ten years later, back in school getting ready to do an internship during the summer.

Somewhere in the past ten years, I must have come to a fork in the road, I went one way and my plans all went the other way.

That's okay though, I'm finally getting my life back on

track and in December I will hopefully be graduating from Wilkes University with a BA degree in Communications. Though my dream is to work in the PR office of a major league baseball team, I will be more than happy to take a job with any PR department in any company anywhere in the United States. See, I'm not going to be the least bit picky.

Hey you adult learners out there, things may not be easy right now for you, but are they ever? It may be hard now but eventually your payday will come. Just remember the words of the late Jim Valvano "Don't give up, don't ever give up!" The way I look at it is that I made it this far and no one will prevent me from making it further. The only one stopping me, is me!

Ten years ago as I heard my alma mater for the last time I *thought* I knew it all. Today, I *know* that I do not know it all. And, in seven short months as I am sitting at my college graduation I *still* will not know it all. And that is what will get me through next semester and the rest of my life. You see, it is not how much you know but what you do with that knowledge.

My life has changed in ten years. My plans have changed in ten years. But, one thing that never changed was that I was going to get my Bachelors Degree. I was not sure when, but I knew it would happen.

Dreams, goals, knowledge, plans they are all a part of life and what we do with them and how we handle them is completely up to us.

—Sandy Kendig

# Breiseth on Credit for Life Experience

By JAY TURMAN

Special to Beacon

Most students at Wilkes University are unaware of Credit for Life Experience, even non-traditional students who could benefit from the option.

According to the Wilkes University Bulletin, "Credit for Life Experience will be granted for documented college-level learning that a student acquires through non-collegiate experiences."

Dr. Paul Adams, dean of Academic Support Services, said that everyone who has received credit for life experience at Wilkes was an adult learner.

There are 500 adult students at Wilkes. Many had quality work experience before returning to college and credit for life experience may apply to many of them according to President Christopher Breiseth. However only six students have received Credit for Life Experience (CLEP).

CLEP is a very controversial topic here at the University. In a recent interview with Breiseth he outlined the controversy regarding CLEP.

He said, "Many faculty believe that giving someone academic credits for work experience does not get out the full potential of that student."

There's an adult student named Jim, who worked at a local newspaper as sports editor for fifteen years before returning to get his degree. He was initially told that he had to take basic news writing. Well, doesn't fifteen years as a sports editor on a fairly large newspaper tell you that he knows the basics of news writing?

The issue is whether credit should be awarded for the work experience when what was learned on the job can not be evaluated the same way classroom instruction is evaluated.

Who is to measure the amount of learning?

Well Breiseth came up with a solution.

He said, "If a student approached my class and wanted credit for life experience I would have them present some of their work and also have them write an essay on some selected readings. This is one way and probably the only way you can measure how much a student has learned."

Another question regarding CLEP is, if students do receive credits for previous work experience, how much should the credit cost?

Currently they cost \$27 per credit.

Breiseth said, "Is this fair to our other students who are paying full tuition? No, but right now it's not a problem because not many students have applied. But in five years it will be a problem as our enrollment of non-traditional students continues to increase."

So until Wilkes get more students knocking on the door for CLEP Wilkes will continue to put it on the back burner.

# FORUM

## EDITORIAL

The hot issue on campus right now is parking. The parking permit is the most coveted item on a college campus. When it comes to parking spaces, everyone, faculty and staff included, turns into a vulture in order to acquire one.

Over the past years here at Wilkes, parking permits have been limited. However, they were at least offered free of charge. Now, starting next semester, not only will parking permits for campus spaces be limited, they will also be expensive.

The extra expense is due to the construction on campus. The construction is going to take away a considerable portion of parking. To make up for this loss, the university has leased 250 spaces from Park & Lock South. This is where the extra expense comes from.

On top of our tuition, room and board and other expenses, students will now have to pay an additional \$15 per month to park (which translates into \$135 for the year). So, for those returning students that will receive a permit, they will have an increase of at least \$1,260 in expenses, (For those of you who love math that's \$1,125 for tuition plus \$135 for their permit.) not including room and board.

In fact, part of the reason why tuition is going up is because the faculty are getting a raise in salary. However, now that they have to pay for parking as well, their raises will seem significantly less. Was this intentional?

Several details of the university's parking policy have yet to be ironed out. One of those is what to do about evening and weekend parking. Now, all Wilkes University parking lots open after 4:30 p.m. This means that any student or visitor can park in a university lot, regardless of whether they have a permit or not in the evening and on weekends.

Rumor has it that the university is also considering discontinuing this policy. Instead, the parking lots will not be opened in the evenings. Students who come on campus just for evening classes will also have to pay the \$15 parking fee, even though they may only be on campus one night a week.

Parking is a precious privilege on our campus, especially now that it costs such a considerable amount of money.

\*\*\*\*\*

The end of the semester is drawing to a close and so is my time as the Editor-in-Chief. But, wait, you can't cheer yet. I will be back next year as the Managing Editor.

This is the time for me to extend my sincerest best wishes to our graduating staff members. Jen, Dave and Lynn, I want to thank you for all of the hard work you have put in this year. Jen you were always out there taking pictures to the last minute. Dave, you took the sports pages and improved them 100%. Lynn, you have been such a valuable part of our staff. For the past two years that you have been copy editor you have kept us on our toes by arguing over every last point. Good luck in law school at Georgetown and don't forget all the fun we had in Jane's class and on Wednesday nights. You will be missed.

That's it for me. I now pass on the editorial page to LynnMarie. Have a great summer and see you next semester.

## IDLE CHATTER

By MICHAEL BUTCHKO

Columnist

To everything, there is a season, and this season is just about over. As the spring semester of 1994 draws to a close, many thoughts and emotions come to the fore. For some of us, there will be a next year here at Wilkes University, and possibly even a year after that. For other students, as this year's curtain falls, it will never rise again. It is in this spirit that we offer the final Chatter for the spring of '94.

I have thought long and hard about this column, and how I would go about saying "see ya" to some while saying "good-bye" to others. Briefly, let's deal with those who shall return. The list is long of people to thank, and space constraints will not allow me to list all of you. To all of my teachers, thank you for putting up with my argumentative ways. To all of my friends, the same holds true, as well as a thank you for looking past the times when I've been especially callous, arrogant, or any of my other beloved traits. And the best for last: thanks to my "broadcast partner," who was willing to endure my baseball experiment and wacky ways; and to Dr. Bradford Kinney, for doing . . . well, just about everything. You've both been great.

There are two special people who are leaving that deserve mentioning, and both are editors at *The Beacon*. First, Dave McCabe, who no doubt thinks I'm totally insane. Dave was able to endure two basketball broadcasts with myself and Michael Noone, and he survived to tell about it. My lasting image will be of Dave shaking his head with that "I can't believe he said that" look on his face. What more can I say, Dave, but we'll see you down the road.

The other person I wish to mention is Lynn Krutz. I knew Lynn well before the Chatter began, and our relationship was reminiscent of that song lyric: "There's only you and me and we just disagree." We've had our run-ins (understatement), and no doubt Lynn will never let me forget the mistakes I have made. But I think we've moved past that. Most spectators who are in the same room with us aren't sure if Lynn and I are kidding when we tear into each other. For all the negativity, for all the cutting, I think of you as a friend, Lynn. I respect you tremendously, and, if I can say this, I have grown to like you. I think we've both grown, and I'm pleased that we can peacefully coexist. Remember, at Georgetown basketball games, when someone says "Hoya," you respond, "Saxa." And never forget your roots here at Wilkes. Good-bye, my friend; I can honestly say I'll miss you.

That's all for now. See you in August, and we'll chat again next year.

## Letter to the Editor

Dear Editor:

I rarely have an opportunity to pick up a copy of our school newspaper, however, while I stood in the SUB, I glanced over and decided to take one. As I skimmed through it, I came across the review of the Wilkes Senior Art Exhibit held at the Sordani Art Gallery. Since I was one of the seniors represented in that show, I decided to read what was said.

It was not what the reviewer had thought about the show that upset me, for that is one man's opinion, instead it was how poorly the article was researched, written and edited. Azahani Rashidi was very enthusiastic throughout the review, but it is the false information, misspelling, and poor grammar that it is so appalling.

I understand that it might be difficult to find writers for the Beacon, especially one who can expertly cover any and every topic that comes up, and I realize with the end of the semester time is a problem, but to publish an obviously unedited article is unacceptable. If I may offer some advice to the staff at the Beacon, if you are unsure, ask questions and at least edit the spelling and grammar of an article.

I would like to conclude by saying that I appreciate the time that was taken to review the Senior Art Show, but next time try to get the facts straight. There are many people available to answer whatever questions may arise.

Thank you. Jennifer Nyman

## THE FINAL CUT

By LYNN KRUTZ  
Copy Editor

Four years ago, I never thought this day would come. And now, it's here all too suddenly. I have so many people to thank for my successes here that I can't possibly list them all. Know, however, that I haven't forgotten your help or encouragement.

To *The Beacon* staff and Professor Nollie — Thank you for always giving me a forum to express my opinions, no matter how unpopular they may have been. I know sometimes it was difficult to stick behind me, but you always did.

To my professors — As I receive my diploma at outside commencement (A girl can hope, can't she?), know that it is as much your's as mine. My sincerest gratitude.

To SG members — I may have joined in part to change how SG is run, but I leave with the deepest respect for all that you do for this university. Thanks for allowing me to be part of that.

Seymour — My genuine admiration for you is more precious to me than any **diamond** could ever be. I'll never forget sitting together in the van after our first tournament; you made me realize that you don't always have to take home a trophy to be a winner. From that day on, I always respected you. And that's what she said.

To my Winter Weekend gang — From Brady's to 354 to the bars, my best college memories are with you. JoFin: I did not kiss your father! Bob, thanks for introducing me to the best things in life, especially Grisham. Heba: We've shared the best and the worst of time together. Thank you for just being my friend.

Jen- For the past year, you've kept me as sane and emotionally stable (?) as possible. For that alone, you deserve recognition. But you also deserve it for so much more. Remember that those who do the most meaningful work are often the ones to receive the least amount of credit.

To Goose and my family — You've picked me up when I've fallen and applauded me when I've succeeded. Thank you from the bottom of my heart.

As copy editor, I know that I've taken up more than my share of space to say good-bye. For once, I'm at a loss for words; I can only say that while our paths may be going in different directions now, never burn any bridges for you may have to cross over them again. And in this case, I hope that's true.

## ORGANIZED ANARCHY

By JOSEPH RAE  
Columnist

I happened to turn on the TV today. Click. "I support the death penalty." Click. "I'm tough on crime." Click. "Fry 'em, fry 'em, fry 'em..." Click. "I am not a crook, I'm your Attorney General." Click. Click. Click.

Well, next Tuesday is election day here in Pennsylvania, and unless you've spent much of this year on Uranus, you undoubtedly know that there's a governor's race this year. And, much to my delight, Bob Casey can not run for re-election, leaving the position open for someone competent. Unfortunately, competency tests are not required for State office, which would narrow the field greatly.

Since the television commercials began for the gubernatorial candidates, I've stopped becoming violently ill every time I see Ernie Preate. Most of the commercials I find irritating and/or amusing, especially those of Chuck Volpe. But, of course, the classic commercial of this campaign season belongs to Sam Katz. Yes, Sam, your kids are cute, but please don't show them anymore.

My prediction for the general election: Tom Ridge vs Mark Singel. By the way, I personally plan to vote for Dwight Evans. To me, he shows a strong, hard-working character and he hasn't fallen to the high-pitched populist idea of massive cuts in the corporate income tax rate.

Finally, this is my last column of the year, and I wish to thank the editorial staff here at *The Beacon* for giving me this opportunity to rant and rave each week. Have a great summer. See you next year.

## Construction Corner: Parking

By PATTY PUERLING  
Editor-in-Chief

The new parking plan aimed at easing the congestion expected during the upcoming \$25,000,000 Campus Improvement Project has been announced. The plan will increase the number of on-campus student spaces from 157 to 255.

One of the largest lots on campus, the parking lot behind the Stark Learning Center, will be eliminated due to the construction this summer on the new classroom/office building. This building will be located on South Franklin Street behind the Stark Learning Center.

Wilkes University President, Dr. Christopher N. Breiseth, praised the Parking Committee which has been working on the plan for some time. "The committee has been an essential re-

source for designing the plan which will minimize the inconvenience for our students, faculty, staff, and the entire community."

Barbara King, director of Wilkes Today, chaired the committee which included, Lt. Colonel David Agree, professor of Aerospace Studies; Lorraine Loyd, Campus Support Services; Bernadette Fornicola, director of Annual Giving; Cheryl Scalese, Business Affairs and Auxiliary Enterprises; Deborah Phillips, assistant professor, Nursing; Dr. Robert Steele, associate professor, Business and Economics; Jennifer Meyers, student; Jackie Stefanowicz, student; and Alicen Martin, graduate student.

The \$25 million construction plan is under the direct supervision of Paul A. O'Hop, vice president, Business Affairs & Auxiliary Enterprises.

The plan includes the following features:

1. Students will be allowed to park on campus in all lots with the exception of the lots in the rear of Evans, Chesapeake/Delaware, Chase, Weckeser and Bedford Halls. The assignment of student spaces will be handled by the Dean of Student Affairs in accordance with existing student parking policy. The charge will be \$15 a month on a cash-only basis. The University estimates an increase of 98 spaces for students from the current parking plan.

2. All faculty and staff will be required to park in either the lots to the rear of Evans, Chesapeake/Delaware Halls or in Park and Lock South. Everyone will be charged a fee of \$15 per month which will be paid through payroll deduction (except adjunct faculty and evening students). The University esti-

mates there will be 312 spaces available, 250 in Park and Lock South and 62 on Campus. It should be noted that any Wilkes employee who chooses to leave his/her vehicle in Park and Lock South overnight does so at his/her own risk. The University assumes no liability for any occurrences on property it does not own.

3. Visitor parking will be in the lots between Chase Hall and Stark Learning Center. All lots will have handicapped spaces as required by law.

The plan for capital improvements also includes a new University Center containing a student union/dinning facility, communications lab and renovations to the Stark Learning Center and its laboratories to accommodate the new Doctor of Pharmacy degree, and other capital improvement projects. The project also includes addi-

tional parking facilities and a "greenway" through the middle of campus. The construction will begin during the 1994-1995 year.

5. Adjunct faculty and evening students will be required to park in the Parking Authority lot (across from the YMCA on Northampton Street) or other lots to be designated. Access will require payment of a minimal fee. Details will be announced once they have been determined.

These plans will all be in effect when we return next semester. Although there will be some inconveniences with re-navigating around the construction, it will all be well worth it when we have a more beautiful campus in the next couple of years.

## Battle of the Bands breaks the sound barrier

By JON ROHMAN  
Features Writer

Well, another semester is just about over. Spring Break has come and gone, and the Battle of the Bands has come and gone. This year's Battle of the Bands was held last Saturday, April 30, at Rumours.

Five bands competed for cash prizes of \$175 for first place, \$150 for second place, and \$125 for third place.

Bands performing were Garage, Lyonesse, Saturated Fat, One Lone Elvis, and Sun Burns Cold.

In order to qualify for competition, each band had to have at least two Wilkes University students as members.

Emceeding the event were MTV's comedy team of Red Johnny and the Round Guy. Be-

fore the show and in between bands, the two comedians kept the crowd in stitches with their unique brand of humor.

Saturated Fat was the first band to play. They performed some hard driving alternative music, playing songs by such alternative groups as Smashing Pumpkins.

Sun Burns Cold also played some rocking alternative tunes.

Garage played a wide variety of music. They played an original tune, along with covers of Hendrix's "Purple Haze" and Living Colour's "Cult of Personality."

Wilkes student, Christopher Langley, was One Lone Elvis. He was the most unique performer of the night. He played mostly pop songs.

Lyonesse was the last band to rock the stage. Their style of music is alternative progressive rock. This group also played two originals. Their last song was a strong cover of Rush's "Subdivisions."

Every band was a winner, but the winner of this one was Lyonesse. Coming in second place, winning the \$150 prize, was One Lone Elvis. Third place went to Saturated Fat.

This year's Battle of the Bands was an exciting and funny one, thanks to Red Johnny and the Round Guy. There was a nice turnout at Rumours, and it was great to see support for activities like this one.

Pictured right is the band Lyonesse.

## Wet and Wild: The N.A.K.E.D. Club

By LYNNMARIE  
ROSENCRANCE  
Features Editor

Some students from Wilkes University's Mechanical Engineering Department are building a submarine. Yes, a submarine.

This group of students is known as N.A.K.E.D. or National Adventure Klub for Engineering Design.

This is not an ordinary submarine, but a human powered submarine (HPS) called *Victory*. Some of you might have seen a program on the Discovery Channel in March of this year which

featured a human powered submarine.

N.A.K.E.D. decided to build a submarine to participate in Engineering of Universities Day, where engineering students throughout the country show their expertise. Some schools design and build solar powered cars, some design environmental powered living quarters and some design human powered submarines, just to name a few.

This Engineering of Uni-

versities Day presents students a challenging project for which they are judged on speed, innovation and cost efficiency.

However, the students of N.A.K.E.D. are not motivated by Engineering of Universities Day only. Every two years in Ft. Lauderdale there is a HPS race. N.A.K.E.D. hopes one day to take their submarine to Ft. Lauderdale and let loose, and get wet.

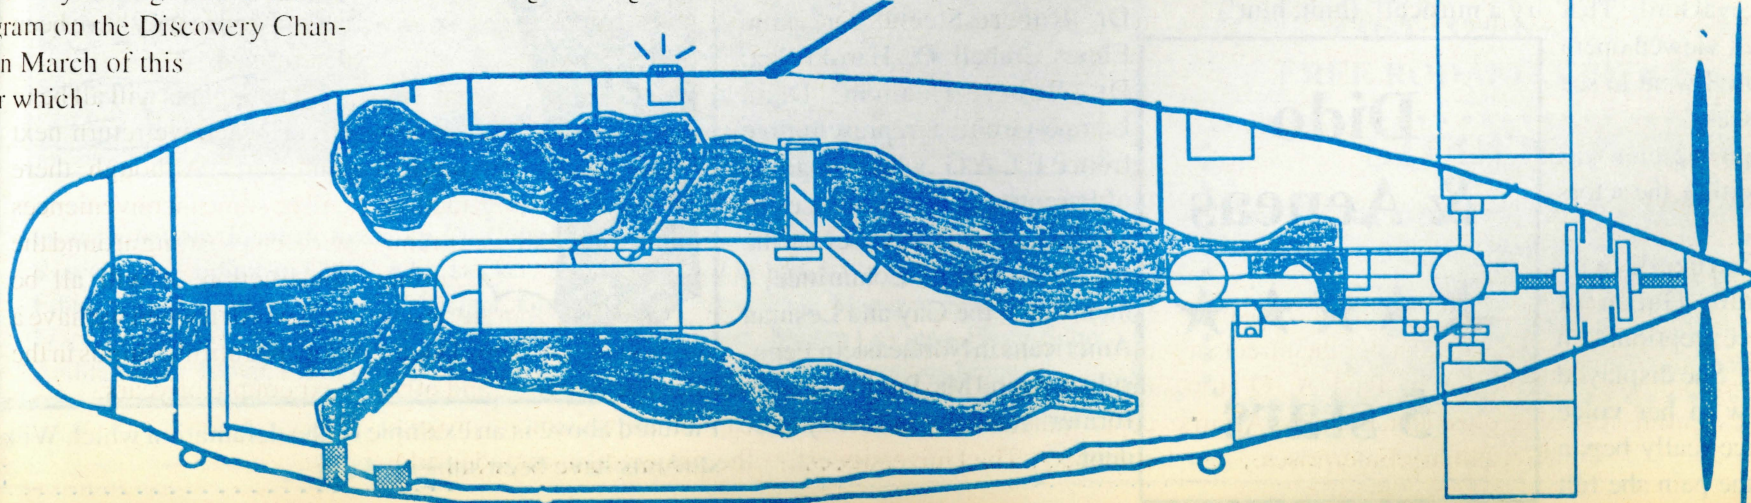

The submarine is called a

wet submarine because the submarine will be filled with water. Two students are necessary to run the submarine in water 20 feet deep. One student provides the propulsion by peddling and the other is the navigator. Both students will be equipped with wet suits and air tanks as they dive in the HPS to the 20 foot depth.

N.A.K.E.D. has already designed the submarine and has constructed the frame of the sub.

However, submarines aren't cheap and the group is running low on funds.

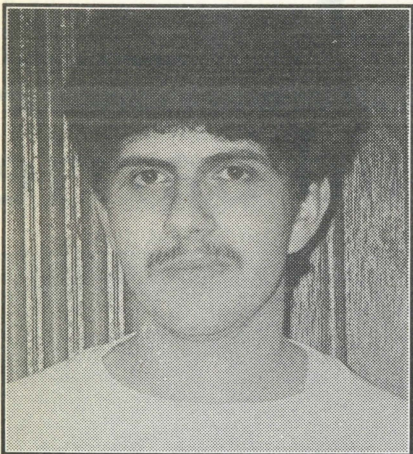

Since the year is almost over, they will put the building of *Victory* on hold but not completely. N.A.K.E.D. will be surfacing again next year as they look both on campus and throughout the community for contributions to complete *Victory*. Anyone looking to help N.A.K.E.D. should contact Dr. Ghoreshi at extension 4809.

## Dido & Aeneas: you could feel the pain

By STEPHANIE  
KRAMER  
Beacon Staff Writer

This spring, instead of presenting the usual two act play, with the usual star actors, the departments of Music, Theater, and Dance decided to do something different.

The result of this brainstorming, an opera entitled "Dido and Aeneas", was featured at 8:00 pm in the C.P.A. on Friday and Saturday, April 29th and 30th.

The opera runs essentially like any other. Royal lord meets royal lady and they fall in love. The central question usually concerns how the royal lady chooses to kill herself when she is jilted by her royal lord. That is, at least, how I viewed opera in general before I went to see "Dido and Aeneas."

Although the plot was not the most exciting, the actors were excellent.

Heather Petruzelli who starred as Dido, Queen of Carthage, was exceptional in the leading role. She displayed so much sorrow in her voice that the audience really began to understand the pain she felt

when she thought that her lover had deserted her.

Dana Belson was also excellent as the devoted Belinda.

The scene in the witches' cave was especially well acted, with Patricia Gardner as the Sorceress.

The scenery and special effects were wonderful and created an interesting new approach to the classic opera.

I must confess that I was surprised to find I really enjoyed the performance. Could it be that I may one day acquire my grammie's love for opera?

For those of you that missed the show, you missed a good one. I hope that the theater department continues to experiment with their productions. Now only if they'd try a musical! (hint, hint!)

**Dido  
& Aeneas**

**5 stars**

On last Thursday, there was a rally against homophobia and other types of bigotry held by the Lesbian, Gay, and Bisexual Association (LGBA) at the Bell Tower on campus.

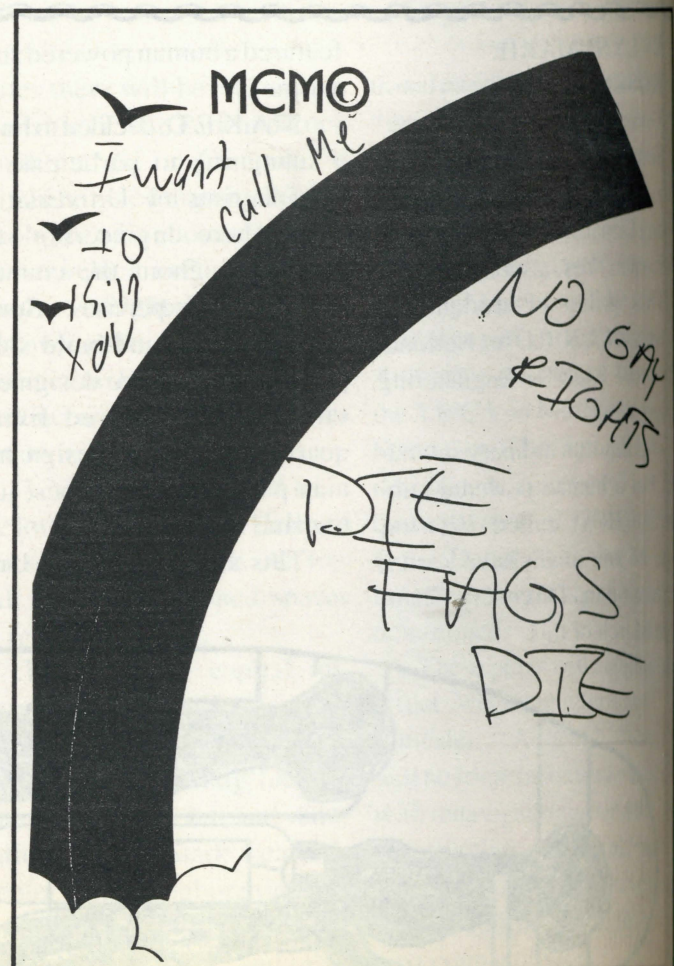

The rally was held because of the recent attacks, defamation, and other types of bigotry occurring at our home away from home.

There were many speakers who voiced their opinions at the rally, letting us know that this bigotry will not be tolerated any longer. There were various deans, professors, administrators, community leaders, and former students present. Among them were Dr. Robert Steele; Dr. Jane Elmes-Crahall; Dr. Harold Cox; Dr. Robert Heaman; Dean Lampe-Groh; a representative from P.F.L.A.G., which is a group of Parents and Friends of Lesbians and Gays; a member of the AIDS Awareness Committee; a member of the Gay and Lesbian Americans in Northeastern Pennsylvania; and Ms. Bonnie Breese, former Wilkes University student.

Dr. Steele pointed out in his speech that notices of certain clubs like the LGBA, the AIDS Awareness Committee and CARVE are routinely defaced and torn down.

Students, this has got to stop.

As Dr. Steele said, "On this campus, if you don't hate, you are hated. It's time the campus community did something about it. The first step in fighting against the hatred... is to speak out against them."

Pictured above is an example of the defamation which Wilkes students have been subjected to.

# Mrs. Betty Kwak retires after 19 years at Wilkes

By LYNNMARIE ROSENCRANCE  
Features Editor

Do you remember that old Irish blessing? Well, many people, myself included, wish it upon Betty Kwak, the evening nurse on campus.

Mrs. Kwak has been the evening nurse at Wilkes for 19 years. And in those 19 years she has seen many freshman enroll at Wilkes confused, insecure and even frightened.

But Mrs. Kwak has also seen them mature, grow and become confident people aware of their surroundings and realizing their dreams. And to these changes she says, "it's such a contrast, [from when they were freshman] it's wonderful."

As well as seeing the students grow, she has seen the school grow. Betty remembers when the nurses' station was in the President's house after the flood of 1972, and then it moved to the carriage

house (which has since been demolished) and finally to Evans Hall, their current location. About Evans Hall, Betty says, "Evans is ideal; it's been remarkable. I feel better about it, that they [the students] are using my services."

As the evening nurse, Betty has been administering first aid, treating illnesses and colds, performing pregnancy tests and counseling, holding educational programs in dorms, taking monthly censuses of illnesses and injuries, recovering medical charts of incoming students in case of special health conditions and most of all, just being there for students even if it is only to talk.

Betty has enjoyed her stay here very much. Looking back on her life, her 19 years here at Wilkes and ten more years working in hospitals, she thinks, "Thank God I'm here."

Betty admits that leaving Wilkes was a difficult decision to make and said, "I'm sorry I'm leaving, but it's

time for a change, and I'll miss it."

As she leaves Wilkes, she thanks everyone who has touched her life and extends a special thanks to Dean Lampe-Groh and Mrs. Diane O'Brien, two people with whom she has developed special relationships over the years.

Betty, as you leave Wilkes we would like to wish you the Irish blessing...

"May the road rise to greet you.

May the sun shine only on your back.

May the rain fall softly upon your fields.

And until we meet again, May God keep you in the palm of his hands."

*Open House Wednesday May 11 in Evans Hall from 2-5 in honor of Betty Kwak.*

**Correction:** We apologize to Dr. Capin for misspelling his name in the last issue of the *Beacon*.

# Lambda Pi Eta induction ceremony held April 26

By LYNN KRUTZ  
Copy Editor

The Wilkes University Alpha Kappa chapter of Lambda Pi Eta, the National Communications Honorary Society, recently held induction services for 11 new members.

Lambda Pi Eta is the official national student honorary for communications majors. Its purpose is to recognize, foster and reward outstanding scholastic achievement by communications students nationwide. The Wilkes University chapter of the society was chartered in the Fall of 1992.

To be considered for membership, students must have completed 45 semester hours in undergraduate credit courses, have a cumulative grade point average of at least 3.0, have completed the equivalent of nine semester hours in Communications.

and have a minimum grade point average of 3.25 in those courses.

Those inducted include Eric C. Bailey, Milleim, PA; Matthew S. Brenner, Tinton Falls, NJ; Julie DePue, Great Bend, PA; Heidi Van Essendelft, Oakdale, NY; Eric J. Freeland, Barnegat, NJ; Melissa A. Nardozi, Hazleton, PA; Eric Riviera, Neshanic, NJ; Suzanne R. Smetana, Wapwallopen, PA; Nicholas J. Spect, Forty Fort, PA; Douglas W. Shaw, Broadalbin, NY; and Gina M. Tagnani, Nanticoke, PA.

Andita Parker-Lloyd, Wilkes-Barre, and Jodi Nammar, Pittston, were inducted last semester.

Dr. Bradford Kinney, chair of Wilkes University's Communications Department, is the society's advisor.

## Wilkes names annual sports awards winners

### Male Athlete of the Year

WILKES-BARRE — Senior Steve Endres was named the Wilkes University Male athlete of the Year Award on Sunday, April 17, 1994. Endres was a four year starter in both football and baseball here at Wilkes.

As a wide receiver, Endres had 66 catches for 932 yards and three touchdowns this past season setting Wilkes' mark for most catches and receiving yardage in a single season. He also set the record for career receptions and receiving yardage with 198 receptions for 2901 yards. In his career, Endres recorded a total of 11 touchdowns.

During his four years of play for Coach Joe DeMelfi, the Jostens 1993-1994 Coach of the year, Endres was named to the Middle Atlantic Conference 1st team All-Star two years and was named an ECAC 1st team All-Star this past year. In 1993, Endres helped the Colonels to a 10-1 season and a berth in the NCAA playoffs.

In addition to football, Endres has proven to be a dominant force on the baseball diamond for the past four years. As four year starter for Coach Bob Duliba, Endres played third base for his first three seasons but is starting at first base this year for the Colonels. This year for the Colonels, Endres is hitting .271 with one home run, three doubles, and 14 RBI's. As a freshman, Endres set the school record for most singles in a season with 39.

In the classroom, Endres is a member of the Student-Athlete Honor Roll. He will graduate in May, 1994 with a degree in Environmental Engineering.

Steve is the son of Mr. Robert and Sandra Endres who reside in Palmerton, PA.

### Female Athlete of the Year

WILKES-BARRE — Wilkes University senior Toni Farinella, from Middletown, NJ, was recently named the 1993-1994 Wilkes University Female Athlete of the Year. Farinella was honored at the Wilkes Student Awards Luncheon on Sunday, April 17th at the Marts Sports and Conference Center on Campus.

Farinella, a four year starter in field hockey, was honored for her outstanding 1993 season which saw her become the first Wilkes field hockey player to be named All-American. Farinella was named a third

team All-American by the College Field Hockey Coaches Association after scoring 14 goals and assisting on two others this past year.

In addition to being named an All-American, Farinella was also named to the Middle Atlantic Conference (MAC) Freedom League All-Star team and to the College Field Hockey North Region First Team All-Star squad.

Farinella leaves Wilkes as the school's third all-time leading scorer with 36 in four years. This past year Farinella led Wilkes to an 11-8-1 record and the championship the Eastern

College Athletic Conference (ECAC) Division III Mid-Atlantic region and the MAC Freedom League title.

A business major at Wilkes, Farinella is also involved with the Captain's Council at Wilkes, a group which allows student-athletes a voice back to the athletic administration on issues affecting them.

Toni is the daughter of Anthony and Patricia of Middletown. She is a graduate of Middletown North High School.

Congratulations!!

### Male Scholar-Athlete of the Year

WILKES-BARRE — Former Wyoming Area football star Larry Yudiski was recently named the 1993-1994 Wilkes Male Scholar-Athlete of the Year Award at the Student-Awards luncheon on Sunday, April 17, 1994.

Yudiski was a three year starter for Coach DeMelfi, the 1993-1994 Division III Josten's Coach of the Year. In his senior year, Larry helped the Colonels to their best season ever with a 10-1 record and led them to a berth in the NCAA Playoffs.

Yudiski, a 5'10", 200 pound fullback for the Colonels started his last 31 games, rushing for 397 yards in his career on 123 carries. Yudiski was considered as one of the top blocking backs in the MAC. He scored his only career touchdown in the final regular season game against cross-town rival King's College.

In the classroom, Yudiski earned the Carpenter Scholarship Award, is a member of the Dean's List, a member of the Wilkes-Student-Athlete Honor Roll, and the Middle Atlantic Conference Academic Honor Roll.

Yudiski will graduate this coming May, 1994 with a degree in Materials Engineering.

He is the son of Larry and Janet Yudiski of Exeter.

### Female Scholar-Athlete of the Year

WILKES-BARRE — Jennifer Stackhouse, a senior from Tunkhannock, was recently named the 1994 Wilkes University Scholar-Athlete at the Wilkes Student Awards Luncheon. The luncheon was held on Sunday, April 17th at the Marts Sports and Conference Center on campus.

Stackhouse, a member of the softball team, is a Political Science major and Philosophy minor at Wilkes.

As a member of the softball team Stackhouse is hitting .390 with eight RBI in 12 games for the Lady Colonels, 10-2, on the year. She is a four year starter and has a career batting average of .304.

Off the field, Stackhouse is a member of the Who's Who Among American College and University Students, a Presidential Scholarship winner, a Dean's List member for seven semesters, a member of the Wilkes Student-Athlete Honor Roll, and a two time member of the Middle Atlantic Conference Academic Honor Roll. Stackhouse has also been involved with the Wilkes Core Review Group.

Along with being named the Wilkes Senior Scholar Athlete, Stackhouse was also named the Outstanding Cooperative Education Student and also became a member Pi Sigma Alpha, the Political Science Honor Roll at the Awards Luncheon.

Stackhouse is the daughter of Robert and Nancy Stackhouse of Tunkhannock.

# Timeout

By DAVID McCABE  
Sports Editor

Well, we finally made it to the last couple weeks of the school year, the last issue of the Beacon for this year, and my last issue as the paper's Sports Editor.

I'm off to the real world now, but there are a few things that must be taken care of before I bid the Wilkes community farewell.

I would first like to congratulate all the athletes and coaches that made the 1993-94 year one of the best ever for Wilkes University athletics. This year we've seen our football team go undefeated and make their first trip to the NCAA playoffs; an ECAC championship in field hockey; and a MAC championship in women's tennis.

The winter sports teams also did very well this past year, with the men's basketball team recording their best record in history. The women's basketball team also played well despite being injury plagued, and who could forget Coach Reese picking up his 500th win.

When mother nature finally let spring sports get started, the baseball team won the MAC Freedom League and the softball team made the MAC play-offs. Both teams will be in action this week.

Overall it was quite an exciting year for Wilkes sports and hopefully next year will be even better.

Before I go, there are many people I would like to say goodbye to, and thank for helping me through the past four years here at Wilkes.

I'd like to start by thanking the rest of *The Beacon* staff, Lynn, Gina, LynnMarie, Patty, Karen, Sandy, and Jen for all their help and cooperation throughout the year. I hope you will be able to get along without me next year.

I would also like to thank my staff writers, Erica, Sandy, Kuzmick, and Monte. (those two stories were big) Without the help of these people, I probably would have never been able to get by.

To my mentor, Tom McGuire, first of all thanks for always finding something to help me fill space up when I needed another story. Secondly, thanks for showing me the ropes of the S.I.D business. You taught me a great deal about sports information at Wilkes, as well as the sports journalism profession.

I'd like to thank all of my professors in the communications department for all the help they have given me both in and out of the classroom over the years; they have taught me as much about life, as they have the industry. I would especially like to thank Dr. Bradbury for helping me through some pretty tough times. I don't think I would have made it this far without your help.

As for my roommates, Jeff, Wes, Cressy, Lynn, and Monte, there is nothing that I could say now that hasn't been said somewhere along the line at Barnum this past year. I do wish you all the best of luck with whatever you will be doing next year.

To my replacement, John Decker, I wish you the best next year as the Sports Editor. Just be careful of the bastard measure and remember that white space is the key to a good page.

As for me, I have no TIMEOUTS left so I'm outta here, and I'll see all of you again soon.

## Golf team finishes seventh

By DAVID McCABE  
Sports Editor

The Wilkes University men's golf team competed at the 1994 Middle Atlantic Conference Golf Championships at White Haven last week. The Colonels were able to grab a seventh place finish, shooting 337 in the first round and 325 in the second for a combined 622 on the day.

Tim Snyder had a strong showing for the Colonels shooting an 80 and 82, while Phil Engman (79, 84); Mike Pascolini (84, 81); Walt Pilger (94, 78); and Tom Kirk (99, 94) all had solid outings for the Colonels.

Here is the final team standings and scores:

1. Moravian 623
2. King's 635
3. Susquehanna 640
4. Widener 651
4. Lebanon Valley 651
6. Scranton 653

## Colonels wrap up Freedom League Championship

WILKES-BARRE — Kevin Gryboski fired a three-hitter as Wilkes wrapped up the Middle Atlantic Conference (MAC) Freedom League crown with a 3-0 victory over Upsala and a sweep of it's doubleheader Saturday at Artillery Park.

Wilkes won the opener, 8-6.

Gryboski fanned five and did not issue a walk in going the distance.

Steve Klem belted a two-run homer in the nightcap. Ryan Flynn, doubled, Rob Michaels and Chris Carver each had two hits. Tom Whille and Dave

Kaschak each doubled for the winners.

In the opener, Wilkes erupted for eight runs in the first inning and held on for the triumph. Michaels had two hits to lead the attack, while Carver doubled and knocked in two runs. Klem and Klinetob each had two runs batted in.

The Colonels, 16-11 overall and 10-2 in the Freedom League, faced second seeded Messiah of the MAC Commonwealth Conference yesterday (after press time) in a semi-final at Artillery Park.

## Lady Colonels earn playoff berth Warntz sets Wilkes hitting record

WILKES-BARRE — The Wilkes University softball team swept a pair of doubleheaders this past week beating Drew, and FDU-Madison.

Steph Hastings belted a pair of home runs as Wilkes swept a softball doubleheader from Drew, 8-3, and 8-0.

Hastings led the assault in game one with a homer, while Becky Simon, Sue Moran, and Michelle Shaffer each had two hits. Tricia Kirk was the winning pitcher.

In the second game, Hastings slammed another home run and added a single.

Moran, Shaffer, Jen Stackhouse and Sandie Warntz

all had two hits each.

Against FDU, Sandie Warntz broke the Wilkes University school record for hits in a career as the Lady Colonels swept FDU-Madison in an MAC doubleheader at Kirby Park.

The Colonels won the first game 4-2, and the second 12-0 in a game that was halted to five innings due to the 10-run rule.

Warntz had a pair of hits in the second game, bringing her career total to 101. It surpassed the old mark set by Karen Johnson (1980-83).

Warntz, Jen Stackhouse, and Sue Moran all had RBI singles in the fourth inning of

the nightcap, when Wilkes scored 11 runs. Amy Rosengrant was 2-for-2 and pitched her second straight shutout.

In the opener, Stackhouse and Stacey Boyer had RBI singles in the fifth inning, when Wilkes snapped a 2-2 tie.

Warntz had an RBI ground out earlier in the game. Gretchen Schlangenbauer had an RBI single, and Tricia Kirk was the winning pitcher.

Wilkes improved to 17-2 and finished playing in the MAC Freedom League at 12-2. The Lady Colonels have wrapped up a berth in the MAC playoffs.
