

Development Fund Drive Underway

Long-Awaited Athletic Plant Nears Reality as State Okays Lease on Artillery Park Area

by Wayne Thomas

The proposed athletic plant which is to be built on the property which the college expects to lease in Kingston was discussed at Tuesday's assembly program by Russell Picton, George Ralston, and John Reese.

Dean Ralston stated that since 1946, when the college began its athletic program, our own facilities have been practically non-existent, and most of the equipment used by athletic teams has been borrowed.

A committee composed of sixteen interested faculty members has investigated the possibility of acquiring Artillery Park. The park, presently owned by the State Armory Board, has been termed as an eyesore by civic and community leaders. Last spring, a meeting of the local Armory Board was held at which time a written proposal from Wilkes was presented. The proposal stated that Wilkes desired to acquire the park on a long-term lease. The Armory Board has since awarded the park to Wilkes on a long-term lease at a rate of one dollar per year. Ralston emphasized, however, that this has not become official as yet.

Plans call for the removal of bleachers and floodlights in the park and the construction of a football field and a soccer field with portable bleachers. If these plans are realized, Wilkes will have use of a field which will probably be better than that of any institution with whom we compete.

\$30,000 Purchase

John Reese stated that the college is also planning to purchase the Glen Alden property which is located across the street from Artillery Park to be used as an additional part of the athletic plant. This area, consisting of four and one-half acres, will be used for dressing rooms, six tennis courts, a girls' hockey field, and an archery range.

The property already contains a dressing room which was formerly used by Glen Alden miners. An annex will be added to this building and three complete dressing rooms, a drying room, a laundry, and a storage room will be contained in this building. Additional ground on this property will be used to provide adequate parking facilities.

The total cost of the athletic plant will be \$120,000. The Glen Alden property will cost \$30,000, the addition to the present dressing room will be made at a cost of another \$30,000, and the cost of demolition of the bleachers and the purchase of the new portable bleachers is \$60,000.

It is to be emphasized again that these plans are only tentative. Brochures describing the expanded athletic program will be available at the library as well as various other places on campus.

PAINTING PARTY NOTICE

Bill Davis, president of the Biology Club, reminds all members of the "painting party" to be held tomorrow night beginning at 7 p.m. in Stark Hall.

The purpose of the party is to paint the Ecology Lab in the basement of Stark. Following the work session, there will be refreshments and dancing. President Davis also reminds club members that they

"Ham" Operators Rig Demonstration In Commons Next Week

by Doug Keating

The newly formed Radio Club will hold a demonstration in the cafeteria from 11 a.m. to 1 p.m. next Thursday and Friday, the third and fourth of March.

Organized only a few weeks ago, the Radio Club has already drawn up a constitution, engaged Mr. Kaslas as its advisor, and arranged for a separate radio room for storage of "ham" equipment. What it needs most are members. Anyone who is interested in radio is urged to join. A radio operator's license is not needed for membership in the organization. Any interested person should contact Al Kishel or any other club member.

Future plans of the club include the uniting of Wilkes with other colleges that have radio stations and the providing of free contact between the college and homes of dormitory students by means of both radio and telephones.

The club will hold a meeting on the second floor of Pickering Hall at 11 o'clock, Thursday, March 10.

Manuscript Announces Contributions Deadline

by Leona A. Baiera

The Manuscript executive board is making final preparations for this year's issue of the Manuscript. The deadline for articles for the magazine is Sunday.

The Manuscript association urges students to submit original literary (poetry, short stories, essays, and term papers), art, and music works.

Since the Manuscript is supported by students, it is this year's unwritten policy of the organization that there will be no faculty contributions. The magazine will tentatively appear on campus May 1.

The Manuscript has an exchange program with other colleges and universities both in the United States and with foreign universities, such as those of England, Canada, and Australia. Club advisor is Mr. Stanley S. Gutin, instructor in the English department.

Films

"Death of a Salesman," starring Frederic March, presented last Friday evening by the association, was very well attended and considered a huge success.

For those who have not purchased season tickets, admission to future films will be sixty cents. Dates for these films will be: March 5, "The Wild One"; March 18, "Cyrano de Bergerac"; April 8, "The Birth of a Nation". Each will begin at 7:00 p.m. in Stark 116. Free refreshments will be served at intermission.

should bring their own paint brushes. Dates are also welcomed.

Dramatists Choose Love As Subject of Scenes Shown in Next Assembly

Next week's assembly program will feature scenes from various plays presented by the Cue 'n' Curtain dramatic club. Each scene will be centered around some aspect of love.

Mary Frances Swigert will play Christian and Steve Robertson, David, in a scene from "The Silver Chord" by Sidney Howard. In the scene to be presented the married couple is quarreling over the extreme influence of David's mother over him. Only Christina's great

Mary Frances Swigert

love for David keeps their marriage together.

Comedy will be represented in the program by two scenes from Garson Kanin's "Born Yesterday." Jocelyn King will play Billie, "the almost impossibly dumb broad" which Judy Holliday made a classic in both the Broadway play and the movie. Steve Cooney will play Harry Brock, her gangster "boy friend." Playing the role of Paul, the man hired by Brock to try to educate Billie, will be Fred Malckemes, former president of Cue 'n' Curtain. George Watson, in his first role at the theater, will play Devery, one of Brock's little followers.

Love of one's country will be demonstrated in a scene from "Abe Lincoln in Illinois" by Robert Sherwood. Don Murray will play Lincoln giving a powerful speech just before his inauguration.

Narrators for the program will be Lana Planitzer and Sue Vaughn.

S.A.M. Lists Lectures By Local Executives

by Jay Olexy

The Society for the Advancement of Management has announced that a series of lectures on the topic, "Management Policies in Retailing," will be presented to the club and to the student body by various executives from Fowler, Dick and Walker, the Boston Store.

The first such lecture will be presented March 2 at 12:15 p.m. in Stark 116 and will feature Messrs. Frank and Robert Burnside who will give an introduction to the topic and present a general view from an executive viewpoint. Future lecturers from the concern will present a more detailed picture of

Advance Gifts Reported; Three-Phase Program Seen As Key to Future Expansion

At a report meeting of the Development Drive committee Wednesday afternoon, the advance gifts report disclosed that \$82,981 of the \$270,000 goal has been reached.

"Caribbean Holiday" Features Exotic Dance By Masculine Beauties

A male "chorus girl" act will be the feature attraction of tonight's "Caribbean Holiday" at the gymnasium. The dance, sponsored by the freshman class, centers on a theme of holiday time in the Caribbean. Grass skirts, Bermuda shorts, and straw hats are the costume of the day.

The "chorus girls" will present an exotic dance during the intermission, an event which promises to be unforgettable, according to advance reports. All members of the chorus line are B.M.O.C.'s and have been hard at work practicing their routine all week.

Decorations for tonight's dance are in keeping with the theme. Bongo drums, coconut trees, palm trees and pineapples will set the atmosphere. Each dancer will receive a lei when he enters the gym. South-of-the-border punch will be served from the refreshment booth.

Herbie Green and his orchestra will play for the dance and they have promised to rig themselves in Calypso dress to lend more authenticity to the occasion. They will play from 9 until midnight.

Stu Lawson has planned the evening and Roger Rolfe was responsible for signing the dancers to appear. Bonnie Jenkins and Lorraine Rome are the interior decorators.

Tickets may be purchased at the door or from Linda Speier and Merle Banish. Jim Walters has been appointed chief mixologist of the Carib punch and will secure the other refreshments.

the topic in the areas with which they are more familiar.

Mr. Frank Burnside is vice-president and general manager of the Boston Store. He is a member of the College Board of Trustees and a distinguished figure in the community.

Mr. Robert Burnside is also a vice-president and is general merchandise manager for the store. He is well-known in local retailing and civic circles.

A question and answer period will follow the lecture.

I.C.G. Prepares For Regional Parley, Mock Political Caucus

by Mary Frances Barone

Last Sunday, Mike Bianco and Betsy Hoeschele represented the college chapter of Intercollegiate Conference on Government at a Regional Executive Meeting at Lafayette College. The purpose of the meeting was to formulate plans for the forthcoming Northeastern Regional Convention. This convention will be held March 6 at Marywood College.

The drive is geared to a program of forward-looking improvements to the campus physical properties, curriculum, and athletic facilities. Of the \$270,000, \$50,000 will be spent on newly acquired properties, \$30,000 will be used annually to promote the proposed graduate programs in physics and chemistry. A sum of \$10,000 will be used for additions to the faculty, \$15,000 for laboratory equipment, and \$15,000 for the library.

The proposed two-year addition to the College engineering program will be postponed to be replaced by a gradual attempt to set up graduate programs in physics and chemistry. This latter development is expected to be implemented by September, 1960.

In addition, long-awaited expansion of the College's athletic program will be started, with actual construction beginning whenever final details of legalities involved are completed.

Sources of Money

The development funds will be raised through the drive as contributions will be sought from alumni, faculty, and students, as well as from individuals and groups in the community.

Preliminary inquiries concerning student help in raising the money have shown generally favorable reaction. The College expects to get cooperation equal to that shown in the last big campaign two years ago. In that drive, student contributions were instrumental in raising the final total over the quota of a half-million dollars.

Because of the nature of the improvements to be realized through the latest campaign, it is felt that cooperation from community sources will be gratifying. The look to the future is designed to be of value to the area as well as to the College itself.

Each year it is planned to attempt to raise an additional \$100,000 for the upkeep of the graduate work and scholarships.

Representatives from I.C.G. Chapters of fifteen regional colleges will be present at the convention. One of the Wilkes delegates will be chairman of the Committee of Foreign Affairs. The delegates at the convention will write bills pertaining to major issues. There will also be mock presidential nominations to acquaint the delegates with the procedures of a political convention.

At the end of March the members of the I.C.G. will sell Easter Candy on campus. Rose Neuser, chairman of the sale, is making the arrangements for the sweets with Candy Cupboard Company.

On April 7, 8, and 9, the State Convention of the I.C.G. college chapters will be held at Harrisburg. The delegates for the convention will be selected on the basis of their contributions made to the I.C.G.

At the present time, the I.C.G. is holding its membership drive. Any person interested in joining the club is invited to attend the meetings held on Mondays at 5 p.m.

EDITORIAL

Chaperons Hard to Find

The current hassle between Student Government and the Intercollegiate Conference on Government organization promises to give the yet untested Court of Appeals its first chance at testing a Student Government decision.

The case should prove interesting. We have heard arguments from people concerned with each side of the debate. We have not yet seen the full report of all action taken on the matter and realize fully that each side of the story was explained to us colored by the interests of the people who related the "facts."

We haven't formed an opinion on the matter yet, but an interesting side-light was revealed when the issue was made public. It seems that the I.C.G. failed to provide chaperons for its recent dance, "The Merry Mixup," a prophetically apt title.

Further, the reasons given for this failure to follow procedure was that the committee responsible for chaperons was unable to locate faculty members to serve in this capacity.

We see here a curious thing. Certainly not every faculty member was consulted. All dances in the past have had chaperons in attendance; it is unthinkable that there should suddenly be none available.

Whatever the cause for their absence, we cannot help but observe that it is a distressing sign that faculty members who will support student social affairs are so scarce, especially when nothing more is required of them than their presence.

It is further distressing to note that all the chaperons who do so support the affairs are generally the same people. Here is the curious aspect of the case. We have a certain number of really interested faculty people who will act as chaperons time after time. Further, most of these people will dress in weird costumes, read "beat" poetry, gobble watermelons and cherry pie, saw logs, and even risk life and limb playing basketball on the backs of donkeys. That's real cooperation.

On the other hand, we have faculty members who have never been seen in the gymnasium except for final exams and who compound the felony by frequent and vociferous criticism of the conduct of social affairs. It may be further true that these people are really unable to attend because of other commitments, but it seems inconceivable that of nearly 90 faculty members, only about two dozen are on the "available" list.

We are fully aware that employment as an instructor in this College does not carry any obligation for social mixing with the students. We also are aware that there are far more important matters than chaperoning social affairs, but we are told as freshmen that the marks of an educated man include more than mere academic achievement. We are told that practice of social graces is of considerable value. What puzzles us is how we are to attain this well-rounded personality without seeing sufficient examples of it from those who preach it to us.

WILKES COLLEGE BEACON

A newspaper published each week of the regular school year by and for the students of Wilkes College, Wilkes-Barre, Pa. Subscription: \$1.50 per year.

Editor-in-Chief	Richard J. Myers
News Editor	Fred N. Jacoby
Feature Editor	Jean Shofranko
Sports Editor	Raymond G. Yanchus
Exchange Editor	Steven L. Cooney
Business Manager	Daniel A. Lewis
Faculty Adviser	F. J. Salley

Editorial and business offices located on third floor of 159 South Franklin Street, Wilkes-Barre, on Wilkes College campus.

Mechanical Dept.: Schmidt's Printery, rear 55 North Main Street, Wilkes-Barre, Pa.

All opinions expressed by columnists and special writers including letters to the editor are not necessarily those of this publication but those of the individuals.

Senior Dinner Dance
Next Friday Evening;
Nork, Cardone Entertain

Seniors are reminded that the Dinner Dance will be held next Friday night at the Wilkes-Barre American Legion Home, North River Street, beginning promptly at 7 p.m.

Mr. Robert C. Riley, instructor in the psychology department, will be after-dinner speaker. He has chosen "Love and Marriage" as the theme for his address.

Following the dinner, the comedy team of Nork and Cardone will entertain. Both are Wilkes students and have been making rapid progress in the entertainment world. Joe Cardone is a junior business education major, John Nork a sophomore psychology major; both men are from Nanticoke.

The menu for the dinner includes a choice of meat or seafood. Seniors may indicate their choice when purchasing tickets.

This is the last planned activity for the class as whole before final arrangements for graduation; it is seen as a final chance for seniors to meet socially before ending their college careers.

Music for dancing will be provided by the Statesmen immediately following the dinner until midnight.

Student Leaders Comment
On Fund Drive, Weekend

by Jim Jackiewicz
The first Student Leaders' Conference of the spring semester was held Tuesday evening in the College Commons.

A report was presented on organizational leadership and the need for the training of future student leaders. The annual Spring Weekend was discussed and a number of club and dormitory representatives consented to have their respective organizations construct displays similar to those of Homecoming, should such a plan be adopted. The Amnicola and the Beacon submitted financial statements.

The major topic of discussion was that of the College Fund Drive for the development program. A question concerning student participation in the drive was raised. An informal vote was taken in favor of the students' contributing. Also various plans for donation were brought forth and discussed. A pledge plan, such as a dollar a month for a period of several months was suggested and voted upon favorably by the students in attendance.

A number of various announcements were made at the general discussion portion of the meeting.

The King's Players
To Present "Hamlet"

by Steve Cooney
The King's Players of King's College will present William Shakespeare's "Hamlet" on March 10, 11, and 12 at 8 p.m. in their new theater located in the new King's College Science Building.

In addition to the use of the arena and proscenium stages, the "Hamlet" production will be presented on an open stage. It is expected that this three-way stage will offer greater flexibility and greater sweep, scope, and color to classical staging techniques than has ever been used in the theater. Mr. Carl E. Wagner, director of The King's Players, stated that he believes the open stage set-up as it will be used in "Hamlet" is the only one of its kind in the United States.

Invitation Extended to C'n'C
As a part of the continuing closer relationship of the two colleges, the King's Players have invited the Cue 'n' Curtain Club to an "Open Theater" gathering on Sunday, March 13. Several scenes from "Hamlet" will be presented to demonstrate the new open stage technique followed by a social hour and tour of the new facilities.

Campus Observer

CAMPUS PROGRESS

Last Tuesday's assembly revealed plans for an athletic field, but did not mention any other future developments. Several projects are planned for the next decade: A Fine Arts Building, a new library, a new wing on Stark Hall for the graduate and research program required by RCA, new dorms to house 200 additional students, a dining hall capable of serving 400 boarding students, and finally, an engineering building.

Improvements and renovations are planned for some of the buildings presently on campus. One of the few buildings on campus that is un-named is at 159 South Franklin Street, which now houses the English offices and the Beacon office. This building is scheduled to be torn down; the land will then be partially landscaped, the remaining section to be used to widen the driveway and entrance to Stark Hall. Many of the dorms are presently in the process of being painted and repaired.

TALK — TALK — TALK

In a recent education class, a student happened to mention the possibility of recall concerning certain members of the Student Government. The possibility of recall, which is similar to impeachment proceedings, was mentioned in connection with the action taken by the Student Government in cutting the funds entirely from the I.C.G. No Student Government members were present in the above-mentioned education class to defend themselves. The Student Government later, after more consideration, reappropriated one-half of the funds to the I.C.G.

It is important to mention here that the Court of Appeals is used to arbitrate any Student Government decision that a student may object to.

PERSONAL NOTES

Sal Valenti, a graduate of Wilkes, was accepted for graduate work in the Bio-Chemistry Department at the University of Pennsylvania. Shirley Bachman, Dean Ralston's secretary, was married to Michael J. Weiss, Jr., in West Pittston on February 12, 1960.

OPEN DATE REQUESTS

An announcement was made last week by the Student Government that the date of May 6 was open because of a cancellation. This announcement brought a torrent of requests from many of the various groups and clubs on campus to use this date. No organization has as yet been chosen to fill this open date.

POOR ENGINEERING

This past week the Manuscript was showing "Death of a Salesman" when, right after intermission, a loud crash was heard. The film was being shown in room 116 of Stark Hall, and several persons went into the hall to find the reason for the noise. Nothing could be found at that time, but after the film was completed several persons passing the Engineer exhibit noticed that the top shelf of the display had collapsed. One of the viewers commented, "No wonder Russia is ahead in the missile race!"

Yours truly,
The Observer

There Is An Answer

by Michael Bianco and Gordon Roberts

Until just a short time ago, Cyprus was an island of bloodshed and violence due to strife between the British, Turks and Greeks. Now, on the first anniversary of the signing of the London peace agreement, the Greek President-elect, Archbishop Makarios, and Turkish Vice-President-elect Dr. Kutchuk today issued messages of welcome to Cyprus to the force of German miners who are on a world mission with the ideological play, "Hoffnung" (Hope).

In an island alive with anticipation of the coming of independence, disappointment over deadlocked negotiations, fear of renewed violence, and sharpening of the ideological struggle between Moral ReArmament and Communism, word of the coming of the MRA force of seventy-five sent on the world mission by Chancellor Adenauer has gone from town to town and village to village. Enthusiasm mounts hourly.

The following statement was issued from the Archbishopric today: "Archbishop Makarios has noted with interest that the German miners sent by Chancellor Adenauer are going to Kerala, India, Japan and America at the invitation of national leaders; that on the way they will pass through Cyprus where they would be prepared to give a performance of the play, "Hoffnung". His Beatitude is aware of the distinctive role played by the miners' force in creating better understanding at the time of Chancellor Adenauer's visit to London. Having in mind the high moral objectives of Moral Re-Armament the Archbishop welcomes such a timely visit by the miners to Cyprus."

In his message Kutchuk said: "I have heard with great interest of the force of German miners sent by Chancellor Adenauer who have gone to the countries of Europe with a message of hope and unity. Their power of reconciling countries and of giving a strong moral foundation to every nation is what Cyprus needs at this very crucial hour in her history. I fully support the high moral purposes of the ideology of Moral Re-Armament. That is why I warmly welcome this force of German miners to Cyprus with their play, 'Hoffnung'."

This visit and showing of 'Hoffnung' is a main news item on the Cyprus Radio and the talk of the island press. A leading Cypriot Communist paper attacks the manifesto "Ideology and Co-Existence" in a series of front page articles on MRA. A guerilla leader of the EOKA revolution said, "The choice for Cyprus is Communism, renewed bloodshed, or Moral Re-Armament."

Cyprus is the island where the United Nations Peace Force had all but given up hope for a peaceful settlement!!!

- District Wrestling — March 4 and 5.

ATHLETE OF THE WEEK

Stauffer Registers Two Pins; Helps Matmen Remain Unbeaten

by John Nork

Dick Stauffer, 130-pound wrestler, is this week's winner of the "Athlete" award for his outstanding performances in the matches against Franklin and Marshall and Moravian.

Stauffer went to the mat twice in the crucial opening minutes of both meets and returned each time with a pin to his credit.

Against F&M Stauffer started his bout with the Colonels behind in a match for the first time in the present season, 3-0. He promptly took over the situation by getting his opponent, Bob Houston, in two near fall holds using an unorthodox crucifix grip. Holding a commanding lead in the bout Stauffer maneuvered his man into a cradle hold and registered the pin at 4:26, thus putting Wilkes ahead in the meet, 5-3, and into a lead that they held for the remainder of the evening.

Stauffer duplicated his F&M victory when he went against undefeated Bill Rinken in the Moravian meet. Dick pulled an early reversal and registered the pin in 4:29 with a split scissors hold.

Cool, calm, collected, and confident are four adjectives which best describe Stauffer. Deceiving to the eye in physique and wrestling form, Stauffer has proven a menace to every one of his opponents this year as he boasts an undefeated record, with a draw in the Lycoming meet.

One of the most unorthodox of all wrestlers ever to take to the mat at Wilkes, Stauffer is one of the mainstays of the unbeaten Colonel squad.

Stauffer was Middle Atlantic

Dick Stauffer

Conference champ at 123-pounds last year in his first season at Wilkes. He is also a past two-time winner of state honors in the 112-pound class when he wrestled at Kingston High School.

Stauffer is a sophomore engineering major, who will be leaving Wilkes at the close of this semester to continue his education at Penn State University.

Rowdies Take National League; American Loop Finishes in Tie

The Rowdies went through seven straight games without a loss to emerge as champions in the National League. In the American League the Kookies and Gore Hall ended up with identical records to tie for the lead. A playoff game played yesterday decided who will meet the Rowdies for the all-league championship.

In a battle for first place in the American League the Kookies won a hard fought victory over Barre Hall, 62 to 41. Tom Evans with 18, Drew and Bob Smith with 29 between them, led the Kookies to victory. Bill Hunt, who led all scorers in total points this season, netted 25 for the losers.

Gore Hall cinched a tie for first place by defeating Butler Hall, 64 to 46. Aquilino put on a dazzling performance by scoring 27 points and pulling down 15 rebounds for the victors. Guitio led Butler in a losing cause with 18 points.

The Globetrotters ended the season on a winning note by defeating Warner Hall, 60 to 44. Fred Lamoreaux led the Globetrotters with 20, while Millar had 15 for the losers.

In the only game played in the National League the Sidewinders took sole possession of second place by squeezing past the Untouchables, 74 to 68. Jacobs led the Sidewinders with 17, while Gelli had 18 in a losing effort.

Why Be Difficult? With A Little Effort You Can Be Miserable Wilkes College BOOKSTORE Millie Gittins, Manager

Lycoming Repeats Win As Mermen Lose, 50-45; Team Enters MAC Meet

by Donald B. Hancock

Last Saturday afternoon the swimming team lost a close meet to Lycoming College by a score of 50 to 45 in the Central YMCA.

This marked the fourth consecutive loss for the Colonels this season. The first meet of the season, with Dickinson, was postponed and probably won't be rescheduled.

BULLETIN!

The swimming team won their first meet of the year when they triumphed in the final relay race of the meet to defeat PMC, 51-44, on Wednesday.

Carl Havira won two first places and was leadoff swimmer in the clinching relay. Pat Shovlin took two second place finishes, while Jerry Mohn came out on top in the diving event.

Next week, on March 3, 4, and 5, several members of the team will travel to Lewisburg to participate in the Middle Atlantic Conference championship events to be held at Bucknell University.

Team captain Carl Havira gave up a chance to take his fourth consecutive triple win of the season when he withdrew from the 200 yard breaststroke event to swim as "anchorman" in the 400 yard freestyle relay. The Colonels went into this event on the long end of a slim 45 to 43 lead and had to win it to clinch the meet. The Warriors, however, proved too fast for the Wilkes mermen and won the event in 4:11.5 to take the meet.

This was the second Wilkes loss against Lycoming this season with the first meeting being under protest to the Middle Atlantic Conference.

Carl Havira was high scorer as he hauled in ten points, taking first places in the 200 yard individual medley and 200 yard butterfly events. Pat Shovlin accounted for nine as he took first in the 200 yard breaststroke event and second and third places in the 200 yard freestyle and 200 yard breaststroke events.

Art Eckhart took second places in both the fifty and the 100 yard freestyle events for six of the Colonels' points. Gerry Mohn and Pete Lesiuk accounted for five and three points as they took first and second places in the diving event.

Bud Hungartner hauled in four points for the Colonel tankmen as he took third place in the 220 yard freestyle and second in the 440 yard freestyle event. Roger Rolfe also accounted for four as he took second place in the 200 yard breaststroke and third in the 200 yard butterfly.

Ed Gavel took third places in the 50 and 100 yard freestyle events to account for two points while Dick Bender and Bert Donn rounded out the Wilkes scoring as they took third places in the 200 yard individual medley and 440 yard freestyle events for one point each.

Cagers Play East Stroudsburg In Finish to '59-60 Home Season

The basketball team rings down the curtain on the 1959-60 home season tomorrow night when they play East Stroudsburg State College in the college gym. Game time is listed for 8 p.m.

The cagers will have one more game on the road following tomorrow's contest.

Wednesday's Results

The Colonels had a four-game winning streak broken by Drexel on Wednesday when they were beaten by the Dragons, 91-81, at Philadelphia.

Wilkes started fast and moved to an early 7-4 lead but then dropped behind to 45-30 at halftime. A full court press cut Drexel's margin to 5 points at 71-66, but a renewed drive by the host team iced the game and the Southern Division of the MAC for the Philadelphia team.

George Gacha and Eddie Kemps paced the Wilkes cagers with 20 points each. Bernie Radecki hit for 19 with Ron Roski contributing 13.

Two outstanding seniors will be playing their last collegiate game before the hometown fans and the students of the college.

Bernie Radecki and George Gacha have been members of Coach Davis' squads for the past four

years and have proven to be two of the best ever to come to the hardwoods of the college.

Both men have scored over a thousand points in their college careers and in doing so set an unprecedented record at Wilkes. It was the first time in the history of the school that two players hit 1,000 in the same year.

Gacha is a 5'9" guard who hails from Wilkes-Barre. He is leading the team in scoring this year and is averaging 18 points per contest.

Radecki, a 6'2" forward, is a former Ashley ace who is second to Gacha in the scoring column and was named as the most outstanding Wilkes basketball player of the 1958-59 season. Radecki is averaging 17 points per game.

No information was available on the Stroudsburg team at press time, however they lost to Millersville State on Monday in an overtime game, 87-86.

Wilkes has enjoyed exceptional success against the Teachers in past years and won the game played last year by the score of 86-74

Wrestlers Close at Gettysburg; Triumph Over Moravian, 20 - 10

by George Tensa

Coach John Reese's grapplers will close their 1960 schedule of dual meets when they venture to Gettysburg College for a match on Saturday. Leading the Colonel matmen will be MAC champions Dick Stauffer, 130-lbs., and "Mustang Marv" Antinnes, 177-lbs.

Gettysburg will counter with a well-balanced squad featuring Mike Basilio, reigning MAC heavyweight champion. The Bullets have always had a strong wrestling team and were MAC titlist until four years ago when the Colonels captured the crown.

Playing before a crowd of 1,100 fans, last Saturday the Colonels trimmed a previously undefeated Moravian mat team, 20-10.

Brooke Yeager, flashy 123-lb. Wilkesman, pinned Dick Gross in 1:20 after having a ten-second take-down. Dick Stauffer followed with a pin in 4:29 over Bill Rinkin who had entered the meet undefeated. Rinkin was reversed early in the second period and Dick tangled the "Greyhound" up with a split scissors hold to register the fall.

Gene Medei captured Moravian's first points by out-pointing Gerard Senick, 6-2. The closest match of

the evening found Joe Morgan, 147-lb. Colonel co-captain, and Dan Turner ending the match with four points apiece for a draw.

The Colonels returned to their winning ways when Ted Toluba decided Dick Bedico, 12-4. Ted led throughout the match and had a fairly easy time with the Moravian wrestler.

The 167-lb. clash was the second draw of the afternoon when Glen Rittenhouse and Dave Bryant ended their bout, 10-10.

Marv Antinnes continued his mastery in the 177-lb. class by decisioning Steve Edraney, 4-0. The Moravian matman seemed to take pride in the hope of not getting pinned and spent most of the afternoon on his stomach, keeping Marv from registering a fall.

The heavyweight bout was slow-moving with Moravian's Dick Schaeffer decisioning Bob Sislian, 2-0.

Gutterdusters Lead Bowling Loop, Forcing Pinbusters to Last Place

The Gutterdusters moved into sole possession of first place in Sunday night's intramural bowling, taking three of four points from the once-powerful Pinbusters, first-half champs. The loss put the Pinbusters into a last-place tie with the Flatballs.

In other action, the Blitzkriegs split with the Kingpins to drop out of the first place tie with the Gutterdusters, as they won the first game by a wide enough margin to withstand the onrushing Kingpins. The Blitzkriegs got a point for the initial win and a point for their total pinfall, while the Kingpins nipped them in the second and third games.

The Flatballs took only one point from the Smashers to remain in a tie for last place, while the three points for the Smashers jumped them to sole possession of third.

Gutterdusters 3, Pinbusters 1

Dan Lewis, 209-596, led the way for the Gutterdusters, who missed a four-point sweep by a mere four pins in the final match. Dick Myers added 209-539 and Bernie Shupp chipped in with 184-517. Lois Myers rolled a hot 173-428 and Carl Borr hit 137-407.

Emil Petrask was high for the

losers with 210-563 and Dave Sokira was next with 192-528. Tony Doknovitch helped gain the final game win with 175-473, Bob Barovich contributed 163-444 and Jim Bogden hit 136-364.

Smashers 3, Flatballs 1

John Sapiago was the only man in the match to go over 500 as he sparked his mates' victory on 190-534. Marshall Brooks bowled 147-423 and Bernie Radecki 139-408. Three other Smashers bowled two games: Andy Benoska 163 and 129; Bob Licato 119 and 168; and Mark Adelson 146 and 130.

Jerry Chisarick led the losers with 189-481. Tom Evans was next with 176-449; Dick Barber 141-414, Carl Havira 143-404, and Anne Ligetti 129-324 completed the scoring.

Kingpins 2, Blitzkriegs 2

Adam Gajewski led the Kingpins with 193-511 and Tom Dyslewski rolled 179-502 to take the final two games from the Blitzkriegs. Jules Heller had 176-447, Jerry Kulesa 150-436, and Arlene Kuss rolled two games, 128 and 80.

Dave Godzowski bowled 198-512 for the Blitzkriegs, who piled up a 794-696 win in the opener. Bob Hewitt, 174-498, and Bill Watkins, 181-472, sparked the fine start. Ed Stofko had 153-437 and Jim Stephens got 138-362.

Girls' Cage Team Nipped by Muhlenberg

The girls' basketball team travelled to Allentown on Monday and were beaten by Muhlenberg, 71-68.

A big third quarter by the Colonettes, when they scored 27 points, almost pulled the game out of the bag and into the win column. However, Muhlenberg came back strong in the final stanza to outscore our team by 7 tallies and earn the victory.

Bev Major led the Wilkes scorers once again as she threw in 23 points. Carol Thomas also cracked the 20 mark as she scored 21 points.

The girls finish their season tomorrow at home when they play Moravian at 2:30 in the college gym. Moravian holds an early season victory over the Colonettes and the girls will be looking for revenge and an opportunity to end the present campaign on a winning note.

BOWLERS MEET STATE SUNDAY AFTERNOON AT 1

The bowling team seeks its fourth win in five match game meets Sunday at 1 when it will take on five of the local Penn State Center's best bowlers. The meet will be on alleys 7 and 8, Jimmy's Central Lanes.

The meet with Bloomsburg, twice cancelled because of snow, is tentatively scheduled for next Sunday. The Colonels hold a 2-1 edge over the Huskies and beat Penn State by 41 pins in their first meeting.

Water Ballet Presented At Lycoming Swim Meet

Fans attending last Saturday's swimming meet with Lycoming were treated to a pre-meet water ballet by the swimming class of Miss Marita Zoolkoski. The theme of the performance was "A Musical Travelogue."

The girls performed their precision swimming maneuvers to tape-recorded music in a surprise performance for the final intercollegiate match on the home schedule.

Performers were: Cynthia Dyleski, Joanne Mattern, Judy Powell, Jane Woolbert, and Sue Vaughn.

In addition to contributing their talents as entertainment, the girls agreed to let their sound equipment remain hooked up for the use of the public address announcer for the meet, since the YMCA sound facilities are currently inoperative.

Dr. Michelini Retains Title Of "Cherry Pie Chompin' Champ"

by Cynthia Hagley

"It all started with an excess of doughnuts at a Biology Club dance." That is how Dr. Michelini explained his proficiency in all sorts of eating competition, after winning the cherry pie-eating contest at last week's "Cherry Tree Chop."

He has brought home three trophies for eating the most watermelon in the Lettermen's Shoe Shine Day contest, and four trophies for the cherry pie gorging events. This makes Dr. Michelini the undisputed champion in these gargantuan endeavors.

Dr. Michelini has admitted that his fondness for watermelon knows no bounds, but he adds that cherry pie is not to his liking. Whether his victories were the cause of this, he did not say. With this secret out, it should be easy for any future competitor to win out over Dr. Michelini.

As for the start of it all, he recalls a Biology Club dance at Thanksgiving time in 1956. The refreshments were cider and doughnuts. Owing to bad weather the crowd at the affair was quite small, leaving a plentiful supply of doughnuts that no one seemed interested in consuming.

When the chaperons were approached with this problem, Dr. Michelini, as one of them, suggested a doughnut eating contest and volunteered to compete. From then on he has served religiously in any such contests. Here may be added that this was the first and last eating bout that he ever lost.

Rumor also has it that the students will be seeing him on top of a four-legged obstinate creature within the next few weeks. All those who saw him in such a posi-

Dr. Francis Michelini

tion last year will remember that he was the leading scorer for the faculty team.

Juniors Boost Two Attractions; Present Second Donkey Basketball

The Junior Class will present two outstanding events in the near future: the Donkey Basketball game and the Louis Armstrong Show. The Donkey Basketball game is an annual event, with athletes on one team and members of the faculty on the other team. This year the game will be held at the gym on March 9.

A trophy will be presented to the winning team and to the high-scoring player of the game.

The faculty team, the defending champs, will consist of: Dean Ralston, Russell Picton, Bob Morris, John Reese, Dr. Francis Michelini, Richard Kutchkoff, Dr. John Gaito, and Francis Pinkowski.

Opposing the faculty team will be the following students: Joe Morgan, Bernie Radecki, Ray Marchakitus, Frank Spudis, Marv Antinnes, Fred Williams, George Gacha, Carl Havira, and Al Dobrowski.

Anyone who attended the game last year will remember the excitement as the "Faculty Flashes" defeated the "Student Stars." This year's game promises to be even more exciting when the students try to avenge their loss.

Jim McCarthy, local sportscaster, will again be on hand to relate the blow by blow and the fall by fall description of the game.

Dean Ralston feels confident that history will repeat itself and the faculty will be triumphant once more. He commented: "It will be a good game and the competition

will be tough, but it's a sure thing for the faculty. How could you beat a combination of faculty members and donkeys? The faculty can easily beat the students because of the faculty's experience, maturity, and donkey sense which the students don't have. Students drive cars too much and don't get enough exercise. Therefore, the faculty is in better physical condition and has more rigorous stamina."

Advance tickets will soon be on sale for this game at the cafeteria.

"Louey Day" Planned

The second outstanding event will be the Louis Armstrong Jazz Concert. The Juniors have designated March 15 as Louey Day, the initial campaign day for this class project. Television and radio stations will publicize this affair, and students will canvass the various colleges to sell tickets for this show.

Chase theater will be the publicity headquarters for the sale of tickets. The two-hour show will take place Saturday evening, April 30.

The Class of '61 is also planning a Junior Weekend, which will probably be held at the end of April.
