But now — one week later — there has been a omorrow. And it wasn't a pleasant one. That's what makes this a tough assignment. Not because you on't know what you want to say, but because you have fears that you might say it wrong.

And there's nothing worse than a messy expreson of sympathy — especially when it's from a guy n the sidelines to a first-rate group of football players and what has had to be coaching of the finest

Putting it quite bluntly — the pressure is off, if hat is any consolation.

But it really isn't.

It sounds nice and fits in with all the other sympahetic and well-meaning expressions that you on the gidiron firing line have received since last Saturday when an underrated Ithaca College team found the brass ring which had eluded 32 previous opponents.

So where do you go from here?

Post-mortems in situations like this are hardly worthwhile. To yesterday belongs a glorious record of 32 consecutive victories — an all-time third in the current history of the nation's collegiate football

Today is a time for completing the task of licking the wounds of last Saturday.

Wilkes Eleven Determined To Bounce Back From Tragic Finale to 32-Game Win Record

by Pete Herbst, Sports Editor

The Blue and Gold Machine gets set to roll again tomorrow and start a new win streak after dropping its first game in over four years. The Bombers of Ithaca got into the record book by downing the Colonels, 13-7.

Thus the 32-game winning streak which began on October 16, 1965 came to an end on October 18, 1969.

about 50 pages of assorted literature were dumped into our laps. We were told to keep clean, because due to the quality of people that would be present on the campus, a bust could be anticipated. Besides, our minds were going to Students Involved be so deluged with information, that there wasn't going to be much room for anything else.

None of the conversations were superficial at the conference. There sion concerning Vietnam. These where it's at; they are where it's at. They are not concerned with today, or with the problems of today, partially because everyone present is totally aware of the problems facing today's world and no one can say anything about them that everyone else doesn't already know. For this reason the emphasis was on solutions; planning for tomorrow. How to create a society which will not exploit its own people was a primary topic around which many the discussions revolved. For instance, it is more important to

> While discussing the three new security patrolmen, Mr. Abate emphasized that they will maintain a "non-police type policy." The men are equipped with flashlights and whistles and will carry megaphones in the near future. These patrolmen are interested only in the perstudents at Wilkes and not in becoming law-enforcement officers.

> Of special interest, however, was the announcement of a Student Police Force. Students will assist the present security force from nightfall until curfew or later. These students will be called upon to walk girls back to their dorms and assist in campus patrol.

> There are no specific requirements for the Student Police Force except "level-headedness." It is hoped that students will not be primarily interested in power or money but rather in security for fellow students and Wilkes.

Mr. Abate also announced that new lights will be installed in the dark areas of the campus. Assisting Mr. Abate in this phase of security is Nelson Carl, and Dr. Eugene S. Farley. Playing on home turf, the Bombers scored minutes after receiving the opening kickoff. After a pass and a penalty the Bombers had the ball on the Wilkes 34 when half-back Rod Howell carried to the four on five carries. Quarterback Doug Campbell took it on himself to give Ithaca a 6-0 lead with 12:51 remaining in the quarter.

For the first time in many years, the Colonels were down by 13 points. Dave Kaschak got the Schmidtmen rolling with a 23-yard kickoff return. With Bob Gennaro and Yeager carrying the running load and Zakowski hitting Jim Marascio and Langdon, the Wilkesmen drove to the Ithaca 23. On fourth down and 16, Zakowski dropped back and spotted Langdon on the one. SUNSHINE OR SHADOWS

This editorial is a plea to all thinking students. If you do not think, or question, then don't bother to read. For this will ask you to think.

The picture is a symbol. The sun is setting, the background blurred, vet some lights shine through. The light of thought that all knowledge should be based on. The Wilkes sign is outstanding, as Wilkes probably is to most of you at this point in your lives. Wilkes College with dying light in the horizon and a few beams left to carry on a name.

You have all been told you are apathetic, you have no "school spirit," you miss meetings, and you avoid class responsibility. Yet, we do have "class leaders" who are more than willing to assume the responsibility that so many others have shirked. Why are there leaders and followers — why so few leaders and so many followers - why the same leaders all the time and the same followers all the time? Is it a GAME people play? And if a game, why a game?

It seems that followers are created, not born. You are all supposed to be the chosen few. Those who are intelligent enough to go to college. You all have initiative, creativity, and perseverance. You must or you wouldn't be here. How many of you were leaders in high school and remain passive now. WHY?

Are you the reason the light is fading in the background, with only a few bright lights present and the name of an institution? Are you victims to the game that is being played at Wilkes. The game of whom you are, what you say, and whom you know? Three positions can be taken in this game. The people who play and win, the people who play and lose, and the people who don't play and are just caught up in its power. Whom are you and WHY?

A BURNING QUESTION?

That the citizens of the United States have taken full advantage of their right of free speech cannot be denied. In recent months we have witnessed the outbreak of demonstrations whose participants have upheld causes which range from the support of civil rights and free speech to the denunciation of the United States' participation in the Vietnamese war.

Those who desire the cessation of demonstrations are standing on shaky legal grounds. To deny these people the right to express their opinion would be to violate their Constitutional Rights.

It is our contention that demonstrations have definite beneficial aspects. Legal demonstrations provide an outlet for pentup anxiety and hate which otherwise might manifest themselves in violence and law-

lessness. Then, too, public demonstrations are advantageous if those who support them sincerely believe in their particular cause. It is rare that a person has definite opinions about anything, and for one to take specific action in support of an idea is more honorable.

However, we must object to those people who demonstrate just to demonstrate, who join a demonstration because it is "the thing to do" in order to be part of the "in" crowd. Those who join a demonstration because it is the latest fad are equally as guilty as people who exploit these situations for political advantage and free publicity.

Thus, while we support demonstrations, we must make qualifications. For it is not, we feel, important that one demonstrates but why one demonstrates.

SO WHAT'S YOUR EXCUSE?

Wednesday will mark the annual Blood Day on Campus. This affair is a traditional one and has always been loyally supported by students. Year after year men and women have turned out to give unselfishly and without monetary compensation.

It is hoped that this year will prove no different. The cause is more than worthy. Blood is constantly needed to treat accident and surgical cases. It would be a sad

story indeed if the blood were just not available when it was needed.

Thanks to concerned people who willingly give up half an hour such need not be the case. Half an hour really isn't that long. And it really doesn't hurt. It may save a life. It may save your life.

Think about it. Now — what's your

A CALL FOR DIGNITY

An article in this Beacon outlines some of the new security measures suggested for the Campus. In the light of recent events on and off the Campus, these measures may bring some relief to women who must walk to night classes or the library.

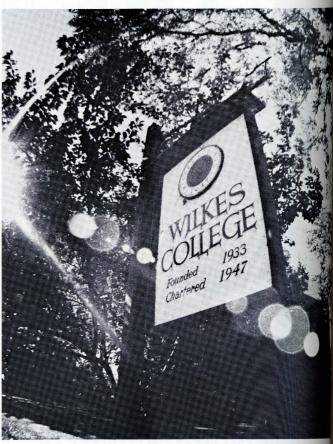

It is a sad day (or night) indeed when one cannot walk freely without fear of attack. The atmosphere here within the past few weeks has been extremely tense. Knowing that watchmen and students will be available to protect us may alleviate that uncomfortable feeling.

But there is no way to be protected smart-alecks passing in cars or sitting beside sidewalks or hanging from dorms. Granted, it does not harm, but it is embarrassing and bothersome.

If "men" would cut it out - it would not only be safer to walk the streets, but something that might be done with dignity and less discomfort.

Surely, it would take less effort to act like gentlemen than it does to act like morons!

REPORTER AT LARGE

October 19 — "Come on, all of you Colonels' fans out there — cross your fingers and pray.'

With that impassioned plea, the announcer on WBRE radio begged his listeners to lend support to the Wilkes team. Those listeners could not help but be moved by the very human excitement displayed by generally objective newscasters.

But that's the way it's been — our Colonel team has inspired an Impossible Dream without rival. Everyone involved has felt the pride that goes hand-

in-hand with having a team like that wearing the Blue and Gold uniforms during the four-year winning streak.

Looking back, it's been nothing less than wonderful to be here on Campus at such a time. There have been many reasons to be proud of Wilkes, but few could ever resist adding just one line: "And besides that, we have the longest winning streak in the

This year's seniors, the class of '70, never saw the team lose in their entire collegiate career.

All of us can recall gab sessions in which we talked about what the reaction would be when the ultimate defeat came. But it was talked about with the same reality one used to use when speaking of walking on the moon or seeing the clownish Mets in a World Series. Possible, probable, but nevertheless, infinitely difficult to imagine.

Maureen Klaproth

When it came, most of us found that we were really totally unprepared and our reactions were not what we expected. Shock, disbelief, bitterness, and tears. It made one remember the old line on television: "the thrill of victory; the agony of defeat." Heaven only knows we'd enjoyed the thrill of victory after victory after victory. Now came our moment of defeat and we knew agony.

For those there, the memories will long remain of sights uncommon to us. Joe Wiendl, Mr. Everything, with tears glistening. Millie, long one of our loyalest supporters, praying, yes, praying. Tony Cardinale lying on the field pounding his fists in despair. Rollie Schmidt leaving the locker room by himself - surely the loneliest looking man on earth.

For those of us unable to be at the game who heard the commentary on the radio, the pain was no less. As a girl who has never even touched a football in fun, it might seem strange that the enormity of Saturday's events should especially touch me. It did. Just as it seems to have touched everyone else. Hearing the announcer after a hushed, stunned silence say, "It's over," I cried long tears. Well-meaning relatives could not induce me to stop the prolonged sobs.

Now, in the light of a new day, things don't look so bad. We all knew it had to come. We couldn't have guessed it would be yesterday, high above Cayuga's waters.

One of the cheerleaders, looking a bit wan, expressed perhaps the best comment during the long wake in a dorm: "Thank God, the pressure's off now. It was too much for everyone. Now we can play to enjoy it, to win because we want to, not because we have to."

She's right. The pressure had become unbelievable.

The nice thing about looking back now is that they can't take the glory away from us. We stand third in the record books, joining pretty illustrious company. We enjoyed it while it was ours. The team did not let us down; it taught us that graceful defeat marks the true winner.

We do hope that approximately 90 men (which we hope includes everyone from Coach Schmidt to the water-boys) believe that they are truly Number One in our hearts.

is in the midst of another successduel with Bloomsburg, the Colonelettes tallied their ninth consecu-

An average season for the Colonelettes consists of six to seven intercollegiate games against such teams as Susquehanna, Moravian, Bloomsburg, and others (many of which have physical education programs). The team has rallied from its previous history of losing to its present standards. In recent years. increased enthusiasm coupled with pride in the game have spurred the team on to victory. These qualities have guided the Coloneletes toward having one of the finest teams in the history of Wilkes College.

The team, under the direction of Mrs. Doris Saracino and Miss Kathy Langdon, is piloted by cocaptains Sandy Bloomburg (backfield) and Candy Cates (line). The line consists of returning letterwomen Jean Adams, Candy Cates, Cathy Davis, Donna Futchko, Renee Mucci, Marianne Ryan, and rookies Debbie Backensto and Jeanette Click.

of last year's tormentors, Rhode Island, in a 41-7 rout.

Although their defense was shaky in the beginning (they gave up 52 points in two games), tthey have allowed two TDs in the last two games. Meanwhile the offense has posted 68 points on the scoreboard. We haven't lost two consecutive

games since 1964.

The offense had a bad day and Juniata by 33. we all know the result of last week's game. The defense has improved steadily. Tomorrow, the team will prove why it has been perennial MAC champion. Lebanon Valley has been resting since its 13-12 upset of Muhlenburg on the 11. The Flying Dutchemen are 2 and 1 after dropping their opener to Dickinson. Look for Coach McHenry's crew to go all out against the Greyhounds. This game will be a thriller.

Moravian by 7.

Lycoming at Susquehanna

Lycoming's Steve Miller-to Rick Dreschler combination gave the Warriors their only touchdown in a 21-7 loss to Juniata. Coach Whitehill is still hampered by a leaky defense.

The Crusaders are enjoying their best team in several years. Mike Huth scored two TDs in a 30-6 rom over Upsala. Coach Hazlett Hazlett gains revenge for last season's 17-13 defeat.

Susquehanna by 20.

PMC at Trinity

PMC is led by QB Steve Pahls and end Mike Duggan. They combined for the Cadets' only score in last week's loss to Moravian by a score of 33-6. The defense is inconsistent, giving up six points in the first half and 27 in the second against the Greyhounds.

The Bantams are the antithesis of a solid team. Coach Miller's squad looks forward to its yearly tea party with the Cadets. Last year's 7-6 squeaker. It has improved since score was 45-7 in favor of Trinity. This year will not be any different. Trinity by 24.

Zakowski's aerials weren't enough. Fortunately the Gold defense held as the final period began with the score still 13-7.

Flirting with history, the Bombers almost fumbled the game away by giving the Colonels five scoring opportunities within their 20. But the Wilkesmen couldn't take advantage as they were thwarted every time. Still, with 1:27 remaining, the Bombers punted and the Colonels took over at the 50 for one last shot at winning.

A bomb to Marascio was overthrown on first down. A third-down pass attempt to Langdon was intercepted by Ithaca to wrap up the game and the streak.
